Rock Creek North of Coalton	Yes	5 up to 10 years	Female	<p>A few years ago, when Superior was negotiating with Louisville Library about Superior Residents having a library card I had a very unpleasant experience at the Louisville Library. I had gone to the library to check out books when I noticed a flyer asking for volunteers to help teach people how to get around on the computer. Since I have my degree in Computer Information Systems and I really enjoy helping others this interested me. I wanted to find out more so I went upstairs and asked 'can you tell me more about this,' the woman's first question was 'where do you live?' I told her we live in Superior, she hemmed and hawed for a few minutes and then said 'sorry since you don't have library privileges here and you don't live in Louisville it wouldn't be good for you to volunteer.' I was completely embarrassed. There were 2 other women behind the counter watching the whole exchange which made it even more embarrassing. She went on to say that another women from Superior had also wanted to volunteer and they had turned her away also. So I thought about this exchange and when I got home I called the Louisville Library and talked to someone else and said that I didn't understand why I would be turned away from volunteering, it wasn't like I needed a library card to help teach people how to get around on the computer. The women I was talking to was pretty nasty and she finally asked me 'why would you want to help people at a library that you can't check out books?' and I told her that I enjoy helping others. I think Superior having its own library would be a big advantage to the Town.</p>
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	A large multi-purpose gym would be helpful
Rock Creek North of Coalton	Yes	Less than 5 years	Female	<p>Although meeting space is not needed by me, I do think having space available is important to the community because perhaps seniors and/or Girl Scout or Boy Scout troops would like to meet there, etc.</p>

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	Less than 5 years	Female	As a town, Superior is gradually turning into the 'shopping mall' for Boulder county. It is nice that we are close to all shoppings, but we don't have library and rec center. Lakeshore is a private facility and its membership fee is twice much as the Louisville rec center. We don't even have a library for our kids. Do we want them growing up in malls?
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Ask the organizations and groups within the town how much space and how often a specific size space is needed. I think you'll find that it's quite workable. An area with flexible room sizes might make sense for the occasional large meetings, such as town meetings on hot topics. Indoor meeting space is a great plan 'B' in case of rain.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Between Louisville and Flatirons, I think we are fairly well served for indoor rec space, pools. We also have good outdoor space and trails, but these cannot be provided by a 3rd party, so it is up to Superior to make them better. In particular, we are missing space for 'less organized' sports such as Ultimate.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Both indoor rec and aquatic are needed, only facility without having to go to Broomfield is private and expensive (also in Broomfield though)
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Converting some of the golf-course-esque landscaping into natural landscaping would make it prettier, and more environmentally sound as well. Think about the strip along Rock Creek Parkway west of Purple Park--nobody uses that grass.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	could not seem to get drag and prioritize to work. I would like in order of priority library indoor aquatic then indoor recreation
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Expanding our current library access would probably be a more viable option. If we could have 24hr/7 day book drop (outside drop) and have books 'on hold' delivered to Superior, we may not need an entire library.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	For #1, we'd like to see a full-size skate park like Arvada/Apex Center skatepark. We drive to Lafayette or Arvada nearly daily during the summers to take advantage of those facilities, and we'd rather keep our dollars in the community (when we go to those places, we pay for food, swimming, etc.).
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	For indoor aquatics facility, we support adding a bubble to the North Pool for year-round usage. This would be a much lower cost and easier to accomplish option than a whole new facility.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Having a year-round indoor lap and leisure pool (with diving boards, slides, etc.) / rec center (not another Lakeshore!) would be very useful!
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	I also love the trails and open space and want to make sure we continue to develop that - it's a great part of our lifestyle!
Rock Creek North of Coalton	Yes	10 up to 20 years		I currently drive to North Boulder rec center to have child care that has an adequate facility and cleanliness for a rec center. The Louisville rec center has gotten my family sick every time I have tried to use it. We drive to Lafayette, Boulder, or Westminster for an indoor pool because the Louisville rec center pool water is very cold compared to the other centers. I would love to have a library that I could walk too within the Boulder library system as that system has a lot to offer.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I do not like that you gave us the options to pick. Why can't we list alternatives? The survey results are then already defined for us somewhat.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I don't think it is necessary to have our own library. Louisville library along with the extended library system in Boulder county is more than sufficient, particularly with the internet accessibility in nearly every public place.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I feel our town really lacks indoor recreation, an outlet for kids and adults to go get exercise without paying an arm and a leg. Keep kids off the streets by providing a good community meeting place/recreation complex. I feel very strongly we DO NOT need a library. We have two school libraries and the Louisville Library and the trend of the future is reading books on tablets/kindle/nook, not paperbacks. please don't waste our money on this. We also have enough trails in the surrounding area and open space. We need a place to exercise, have exercise classes, indoor basketball, volleyball, game room (not video games)etc. An indoor pool would be nice and a great outdoor and indoor hot tub facility would be fabulous for those sore muscles!
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I have a child with special needs who cannot use the outdoor pools in Superior due to accessibility issues and water temperature. Boulder County is losing its only indoor therapy pool at Mapleton Center within the next year. It would be great to have an indoor aquatic facility that would accommodate people with disabilities as well as the general population.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	I have chosen none because we genuine feel the more than satisfied with all of these amenities. I think of greater concern is controlling and slowing traffic through the development.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I only feel the need for indoor aquatic and fitness facilities if they are privately funded, not funded with Superior tax dollars.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	<p>I think our town would benefit from our own library, recreation center, and additional tennis courts. I sometimes feel like the staff at the Louisville Library is 'unkind' to Superior Residents. I feel I have been treated rudely there. It would also be fantastic to have a more affordable, family friendly recreation center, again so we do not have to use / rely upon Louisville's services. We would be creating more Superior-based jobs by providing these two services for our own town residents. Also, we often find all tennis courts occupied. It would be fantastic to offer more courts for our growing Superior tennis community. Our Town of Superior tennis program is growing in numbers and ability. Did you know that last year, of the 17 kids who qualified to go to the State Tennis Tournament, 13 of them earned first place? Our program improves greatly every year and continues to attract more players. I believe the program grew 40% this year. It is also difficult to find court space in the Spring and Fall because the Monarch High tennis teams also use our courts for practices every day after school. Thanks for this opportunity to share my humble perspective.</p>
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	<p>I think that meeting space is a low priority as we have a nice town hall space and the firehouse has additional meeting space.</p>
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	<p>I think this area needs an indoor pool with diving facilities. An Olympic size pool would be great similar to the VMAC. High school teams could practice there. Now it is difficult to get pool time and the High School team has to use the CU pool. If you had such a nice facility you could easily to a triathlon. The swim, running and biking would attract a lot of competitors. It would also be good for all the hotels and restaurants and other businesses in the area. Please consider this.</p>

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	I think we should have one building or complex that has a town rec center with an indoor pool, basketball courts, etc and a library. These have to be my family's top two priorities. We can't afford Lakeshore (as I've heard from other families too) and the Louisville rec center is too far for Superior kids to bike/walk to. I've been asking for these two things since we moved here in 2000 and now my kids are about to leave the nest, all the while not having these two things that any competent town government should be able to provide - shameful! I grew up in a town that had very little economic activity, half the people that Superior does and the town was able to provide both of the basic services without question.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	I think we specifically need a very large indoor track to keep fit in the winter esp., and also the very hot summer months. And also racquetball/wallyball courts would be fantastic to have for the same reason.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I would like the Natural Open Space to include more trails. The indoor facilities would be great for inclement/cold weather.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I would like to see something equivalent to the Boulder Valley YMCA in superior (affordable, good variety of classes, good facilities).
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	I would support a regional library system, but not adding another small library for just Superior - I think small libraries like Louisville's are inferior to a larger system with more resources.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	I'd love indoor aquatics in Superior. Also my only beef with the outdoor pools is that the North Pool is not open for morning adult lap swim. Couldn't we alternate mornings with the South Pool between the adult lap swim and Flyers swim team?
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	If surrounding office buildings or schools continue to offer meeting rooms, that would be preferable to building a dedicated space.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	Less than 5 years	Female	In order to fund these improvements for the families in the Superior area, we would be open to a property tax or membership fee.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Indoor facilities for basketball, tennis, and other sports for children and especially teens are needed.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Indoor rec center type facilities would be great - court space.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Indoor rec facilities are badly needed, especially compared to other neighborhoods.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Indoor volleyball would be very important for indoor rec Indoor aquatics would enhance year round swim Meeting facilities would foster community connections
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	It is important that an indoor aquatic facility be big enough to host swim meets and allow local teams (including high school teams) to practice there. If you are going to go to the expense of building a pool, please do it right so that it can be rented out for additional income to meets and teams. A 50 meter pool X 25 meters would be ideal. Pool space is at a premium in this state. Please allow room for stands.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	It would be most helpful to us to have an affordable recreation center for exercise and child and adult recreational activities. We would also LOVE a splash park/ playground like the new one in Arvada and centennial.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It would be nice to have a facility in the town that we can walk to rather than driving too.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It would be nice to have an indoor pool and some community spaces that we could rent out for parties within Superior.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Lakeshore is on the expensive side, and kids / adults need to maintain an ability to have a common place to learn. Maintain as much Open Space as possible.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	Louisville's library is great - don't need a lesser one here. Plenty of recreation centers and fitness centers in the area. Plenty of pools. Plenty of outdoor sports fields/courts in the area.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	My top priority is to have indoor tennis courts and more outdoor tennis courts.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	N/A
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Natural open space and trails should be given equal weight.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Need more pool space as well as locker room space to go with that.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	No
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	None
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	None of these are pressing issues
Rock Creek North of Coalton	Yes			Not interested in extensive Rec Center. Prefer \$/effort be invested in expanding the natural/outdoor spaces of the town that make our city unique. The cost/complexity (post cards/passwords...) was excessive for this survey.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Not sure if this is the purpose of the survey but I think the facilities in Superior combined with those in Louisville (indoor pool, library) are excellent.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	On multiple occasions the town has e turned down library and indoor recreation facilities. There are plenty of such facilities nearby and htey are expensive to maintain. I sincerely hope that htes types of facilities are not in the plans for the remaining civic space.. I think a focus on art for thespace would be a more appropriate use.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Public meeting space is by far our greatest need. Recreation facilities, such as a gym or a pool are distant 2nd and 3rd.
Rock Creek North of Coalton	Yes	Less than 1 year	Male	Put more money into and upgrade the current pools
Rock Creek North of Coalton	Yes	10 up to 20 years		Recommend a small library that focuses on children, teens and popular books for adults with meeting space available both during library hours and outside of library hours.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	Rock Creek has far too much 'manicured' lawn area that wastes water, energy and money to maintain. Most of the trees that died were a result of over-watering. Landscaping should be changed to be more environmentally aware. A natural 'Colorado' like design with more native trees and plants, and replacement of the concrete trails with packed gravel that is friendlier and easier on the body.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Some sort of indoor athletic space (racquetball/hard-court volleyball) / workout / weights facility would be excellent. An indoor pool for the kids in winter would be great too, but not sure if the cost is worth the benefit.
Rock Creek North of Coalton	Yes	Less than 1 year	Male	Specific to indoor recreation, I specifically want indoor climbing and indoor soccer nearby.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Superior and Louisville already has everything I could possibly need.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	Superior does NOT need a recreation center unless you are going to make it free to all tax payers.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Superior has everything that we need right now. Anything else, we can just go over the freeway to Louisville and use, or Boulder. We like it that way.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Superior has great outdoor activities but NONE indoor.
Rock Creek North of Coalton	Yes	Less than 1 year	Female	Superior needs a recenter for families. A recenter similar to APEX in Arvada would be awesome! Indoor swimming pool for laps is a must. Also a indoor water 'park' for kids.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Superior needs more things for kids. We lack any rec center and splash parks. Most people here still have kids and often young kids. It is also a drag to have to go to Louisville to check out a book at the library.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Superior needs to become an independent town and provide facilities for it's residents rather than borrowing from Louisville. A rec center and library are in desperate need.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Superior should have a really awesome indoor rec center with a pool for lap swimming and kids combined, as well as senior amenities.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	The facilities are good in Louisville, though it would be nice for Superior to have a closer option for Superior residents at resident rates.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	The Louisville Library is nice, but it's pretty far away for those with limited access to a car. I can easily imagine, as someone who works from home, that a library within walking distance would be used frequently by work-from-home parents, teenagers, and parents would prefer to walk or bike with their kids rather than drive. It would be great to have indoor recreation facilities for those ridiculously hot days or snowy days, especially a facility for yoga classes. Currently the nearest place is Lakeshore, which is serving as an ersatz community recreation center, but at a price that's not accessible for working class families or those on a budget. Also, they don't have an indoor track. Indoor aquatics are really only necessary in the winter, but it sure is nice to have access when the kids get tired of being in the house!
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	The more open space/trails -- the better. Also, a nice local library would be priceless for people of all ages!
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	The outdoor bike/walk trails are fabulous & we can never have too many. I especially like the mountain bike loop near Target/windmills/93. I use the Louisville library & rec center which are very nice & we need to continue to support them. I think it is more cost effective, since they are so close, to use their facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	The outdoor courts should include volleyball courts.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	The town needs to have an area to congregate for community activities indoors for meetings like Boy Scouts or fitness. More outdoor trails would be great as well. Thanks for taking the pulse of the community.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	There are lots of families with young children in Superior. It would be great to have more things that would be available for the 0-5 year old range (places parents staying at home with this age child could bring them to while siblings are in school or at other local programs)
Rock Creek North of Coalton	Yes	Less than 5 years	Female	There is not any outdoor field facilities and playground on the south of Rock Creek.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	These are the only three areas in which funds should be expended. All other areas are either adequate or excessive--particularly playgrounds and recreational facilities.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	This community is way overdue for an indoor workout facility.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Too much landscaped/field areas will add a lot to the water usage
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We also need citizen rates at one of the closer golf courses such as coal creek or heritage at Westmoor, if we are not going to have a course of our own.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	We are in high need of indoor recreation facility, as in the time being the majority of the town's residents are obligated into paying a high fee into a facility within a neighboring county. Our money should be spent into a facility within our own town.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	We do have Lakeshore but it has gotten crowded and is expensive. It would be nice to have another facility like this that offers lower prices, in Superior.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We don't need an indoor recreational facility. We have Louisville Rec Center and Flatirons.
Rock Creek North of Coalton	Yes	Less than 1 year	Female	We drive for all these now. It would be nice to be able to walk or bike to these facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We have always had a hard time getting into any of the recreational facilities because they are almost always being used by large organized groups. We feel that community spaces should be available to any member of the community at any time or most times barring the OCCASIONAL organized event.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We have quite a few recreational amenities. Haven't felt that we are lacking in any particular areas.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	We need a library!!! A town of Superior's size and wealth should have a library. It is totally inconvenient and unacceptable to have to drive to Louisville for a public library.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We need a library. Sports groups are organized by their very nature and they have conveyed and had many of their needs met. The quiet introverts of this town have been ignored. We need a library, so we can have reading groups and classes. Our quiet none athletically inclined kids need a place to go to check out books, do homework and have a social place is that not based around a sport.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	we need access to affordable recreation/workout facility near by. Pools are often crowded in the summer, would be nice to have an additional outside pool. also need more basketball courts
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	We need an indoor 50 meter pool in Superior. It would help the local high school be able to have a better opportunity for the boys and the girls teams to swim at a normal time instead of 4:45 am during the winter and spring months. Additionally their off season practices could be scheduled more easily. Our local High school (Monarch) may even be able to retain more swimmers as many go to Fairview just to swim. They swim in the afternoons after school.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We need an indoor rec center desperately. We don't need more out door facility. Need one indoor tennis court. Tennis court should have equal right as basket court.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We need an indoor rec center for teenagers (Ping pong table, air hockey table, foosball table, pool table, etc) to hang out. Also for seniors a place to gather. This is a huge need for our community.

Specific Comments on How Services and Facilities Currently Meet Your Needs

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We need an INDOOR, WARM WATER POOL for the community that is OPEN TO FAMILIES ALL AFTERNOON and evening (not closed for private classes)!!! Louisville doesn't have a warm water pool and Lakeshore's pool is frequently closed for private classes after school.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We really need a indoor pool and indoor soccer for our kids to help there skills.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We would love to see a shell put over the North Pool so it could be used year-round. We'd also like the pool to be open through October for swim team use in the afternoons (for a fee). More tennis courts would be wonderful. Also, the one library drop-off at Town Hall doesn't meet our family's needs since it is only open during weekday business hours. Please consider a slot or other outdoor book return option, ideally near Safeway so on the other side of town from Old Town. Thank you!
Rock Creek North of Coalton	Yes	Less than 5 years	Female	We would love to see an indoor or 4-season pool as well as an outdoor running track!
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Wondering if the new town center will provide any of these?
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Would love love love a rec center with an indoor pool like the one in Louisville (actually Id like more exercise equipment than what they have). Also, I thought about putting parks as number three, however, i do not consider lawns and landscaping the parks that we need more of. we need playgrounds north of Coalton. We are closer to Avista and the only one we have is Purple Park. Good, but not very close for walking with little ones.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Would love to have cheaper options to indoor rec and swimming in town.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Would trade all three for better maintained streets
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	You could put meeting facilities IN a library. Most of all, it would be great to have an affordable rec center with indoor pool, rather than the super-pricey Lakeshore which is just not an option for everyone.

Rock Creek North of Coalton	No	5 up to 10 years	Female	An indoor rec center that is more affordable than Lakeshore would be fantastic. Our family would use it all the time. The dog park here is adequate, but would benefit from some lights for use later in the evenings once daylight savings ends.
Rock Creek North of Coalton	No	10 up to 20 years	Female	Difficult to support the building and maintenance of brick/mortar facilities with small tax base.
Rock Creek North of Coalton	No	10 up to 20 years	Male	Don't need any additional facilities so I have no priorities.
Rock Creek North of Coalton	No	10 up to 20 years	Male	I belong to a private health club, Lakeshore Athletic Club, and therefore use its facilities.
Rock Creek North of Coalton	No	10 up to 20 years	Female	I currently attend Jazzercise at the Horizons Recreation Center. It would be lovely to have an alternate space.
Rock Creek North of Coalton	No	10 up to 20 years	Male	I know there are a lot of folks who would like a library, but the arrangement with Louisville Library works just fine for us. I don't think the town could provide the depth of library offerings Louisville provides, without spending a lot of Town financial resources. Our resources could be better spent on indoor recreation facilities.
Rock Creek North of Coalton	No	Less than 5 years	Male	I think Superior does not have a community Indoor Recreation facility of its own or a library. Lakeshore Athletic center is good but very expensive.
Rock Creek North of Coalton	No	10 up to 20 years	Female	I wish Superior had a rec center. I wish the town would have made usage of the Louisville library like belonging to the Louisville rec center- users pay a fee, instead of using tax money to subsidize its use by residents of Superior.

Rock Creek North of Coalton	No	Less than 5 years	Female	I work with a nonprofit organization to teach and tutor immigrants for English as a Second Language, with an emphasis on cultural tips and skills for living in our community. I need an inexpensive meeting room (with a white board) that can accommodate 6-8 people. Now we use the libraries in Louisville or Lafayette. The commuting distance is difficult for non-drivers and mothers with young children.
Rock Creek North of Coalton	No	20 up to 30 years	Female	It goes without saying that it would be very convenient for Superior residents to have a library, meeting facilities, and indoor recreation facilities close by rather than drive to Louisville to access them.
Rock Creek North of Coalton	No	10 up to 20 years	Female	It would be great if we had a sort of 'botanical' garden for walkers as well and more independently owned shops
Rock Creek North of Coalton	No	10 up to 20 years	Male	library is the topmost priority over all others, as it alone does not exist and is sorely missed. Other priorities are just improvements over existing facilities.

Rock Creek North of Coalton	No	10 up to 20 years	Male	<p>Louisville has what I consider to be a fully adequate recreation facility. What I use there is their walking/running track, various cardio/vascular bikes and easy to use weight training exercise equipment. They have an indoor pool, free weight rooms, basketball courts and handball and many different types of well maintained high end exercise equipment along with a host of group, mainly cardio classes for people of all ages and capabilities. They have child care and for hire trainers for rehab and other needs. I pay \$50 for a 20 use card (over 60 but not a resident) and my wife pays \$24/month for unlimited use, she is in a 3 day/wk spin/cycle and yoga class during the week and usually goes to a Saturday cycle class and also may spend 1 to two 1 hr free lance weight classes. The facility is seldom crowded and popular group classes have many sessions at various time to fit peoples schedules. They also have special facilities for older people including meals, social get togethers and a quiet reading room. Tell me how Superior is going to beat the capability and prices of this and it is located within 10-15 minutes of any Superior resident. For people who want upscale, I've been to Lakeshore and I see it as only a newer building catering to people who want to spend more money with an outdoor pool where I good for kids and mothers to tan but superior also has two outdoor pools. They also have a few more nice ammenities but it all comes at a cost. It is within 10 minutes of anyone living in Superior. My point is how can our small town effectively and economically compete and why would we want to. Small pocket parks in areas without parks would add to beauty and function. I use the Louisville Library. For all this use of Louisville facilities, in larger suburban areas people easily would be further away in time distance and convince and I don't want to end up paying more in use and tax fees just so we can say we have our own. Rock Creek North of Coalton	No	Less than 5 years	Female	Our primary interest for indoor recreation is to have a walking / running track that can be used on winter days when walking outside is too cold, icy or snow packed. Also to have weight training equipment (and instruction on its use) and maybe a climbing gym. A room for yoga and other classes would also be good.

Rock Creek North of Coalton	No	10 up to 20 years	Male	seems like we're looking for ways to spend tax money. We're pretty satisfied with the amenities and would prefer that taxes be reduced or saved for a rainy day

Rock Creek North of Coalton	No	20 up to 30 years	Female	Would also love to see more open space and natural trails. Perhaps something to access the Hodgekin Harris reservoir when it's complete. Also support the extension of Coal Creek Rd. from Rock Creek into the new planned SuperiorTown Center down to McCaslin. This would increase access to the new town center from Rock Creek and ease traffic along Mc Caslin. Thanks for your work. Would also like to see nicer ethnic restaurants in the new town center.
Rock Creek North of Coalton	No	20 up to 30 years	Male	Yes! If this survey is going to raise HOA or Landscape Fees we are not in favor of doing any part of this survey.
Rock Creek North of Coalton				I'd rather not pay for any of the above upgrades. The 'improvements' to the football field, the dog park, and any indoor facilities are completely not needed and are a luxury item that most people abuse anyhow.
Rock Creek North of Coalton				It drives me crazy that we have to drive 15 minutes over to Louisville to go to the library. It's way too far for kids to safely and conveniently ride bikes there.

Rock Creek North of Coalton				The current out door aquatic facilities are worthless to me because they are not open when anyone employeeed days can use them. There is no sound reason why they do not open at 5:00 AM and stay open until at least 10:00 PM. After living in Rock Creek for 16 years and supporting the pools, I still have not been able to get in the pool a single time!
Rock Creek North of Coalton		20 up to 30 years		We are not dragging anything into the box. We'd like to see budget-conscious ways to offer these services. For indoor recreation and aquatic facilities, one possibility would be to offer discounted memberships at Lakeshore. Why duplicate facilities at such a high price for such a small community?
Rock Creek South of Coalton	Yes	Less than 1 year	Female	(1) We absolutely need a new library at Superior, considering we have 6000-7000 households, and many young and school age kids. The Louisville public library is too far away from us and not convenient for parking, especially during the event days (Friday street fair, Sat. farmer's market). (2) We need more badminton, tennis, basket ball field, especially indoor sport facilities.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	An indoor recreation facility would be nice to have; especially if it contained a pool to swim laps in. Having said that, it's not so important to me to require a tax increase to pay for it. If we have a budget surplus to pay for it, then I would support it.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Bike park like Valmont Bike park in Boulder. More trails for mountain biking. Outdoor aquatics like 'The Bay' in Broomfield. Indoor recreation with rooms for parties.

Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Even though we don't have our own library/indoor rec center in Superior, the nearby cities including south Boulder, Louisville and Broomfield have sufficient resources that I have never felt shortage.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Households south of Coalton need the property next to El Dorado school to be developed into a multi-purpose park according to the current plan.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I care about the indoor recreation and meeting spaces mostly because there needs to be a safe, fun place for Tweens and teens to gather after school and on weekends.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	I have been a resident of Rock Creek for over 10 years.....This community does not need a Library and or any more meeting facilities.....Big waste of money!!
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I love our current outdoor pool facilities but they are not practical for active people who swim year round (cross training, triathlons, etc.) since they are only open for 3 months out of the year. We are at the outdoor pools a lot (several times a week) during the summer so they are mid priority because I think we need an indoor aquatic center as opposed to more outdoor (the outdoor pools we have are awesome). I would love to not drive to Paul Derda to swim and keep my money in our town. Open space and trails are SUPER important to our family and one of the reasons why we moved to Superior 2 years ago! We also would love more designated ball/soccer fields. My son plays Monarch Little League and usually has to practice and play in Louisville. I think our parks are fantastic and would absolutely LOVE to see one next to Eldorado K-8 so we have a larger park on the South side of Coalton!

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I think it would be great to have a branch library space. I don't feel like we need anything as big as Louisville. It would be great to make use of some of the space already in place instead of carving up more open space and paving it while empty buildings sit idle. What about the space where Blockbuster was or the Liberty Bank? It would bring more foot traffic to the restaurants by Safeway. I like having the natural open spaces that we have and I don't care to see them all developed. That is partly why we bought a house here and put up with not having a backyard. The parks and natural open spaces make up for that.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I think we have way too much open space. We in the community of Superior don't even know where all the open space is, let alone have access to it. I think we have enough and I am sick of the money continually spent to add more. It is time to stop and spend it in areas that we will all use.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	I would like to see some type of indoor meeting facility that can also be geared towards teen use.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	I'd like to see the open land area next to Eldorado school be built into a park with an open grass field where all types of sports can be played. Need lots of trees.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I'd really like a rec center including a pool. Trails - I'd like more paved trails. the gravel trails are not family friendly, and get washed out when it rains
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	In my opinion these are much needed
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Indoor aquatics. indoor facilities, and a library could be accomplished together in one center. It is unbelievable that we do not have a library when the neighborhood is located within an educated population! We are the only town around this area with none of these things! In particular, young adults for social gatherings and include variety of activities such as ping-pong, badminton, volleyball, etc Outdoor recreation would ideally include volleyball courts, greater skate board park capabilities. Does anyone play frisbee golf? Note that the current parks are usually flooded from sprinklers and in many areas, unusable.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	it would be nice to have a mini library or library extension of the boulder valley one, even just one to drop off the books at or to pick up if we placed them on hold online. Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Putting one of those temporary 'bubble' covers on the north pool could be a good solution to have an indoor aquatics facility without having to build a whole new facility.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	Since Colorado has sun 360 days/year, outdoor tennis courts can be used year round. In a dream world, I would love access to indoor tennis courts, but not at increased taxpayer expense. Does anyone other than the city use city meeting space? Most meetings can take place at coffee shops, etc. There are already lots of rec centers and facilities around the area, same with library (short drive to Louisville). I don't know why you are considering adding new facilities, don't think the demand, of which I know nothing, justifies new building at this point. Why does the town need to build its own indoor rec facilities? Is this to compete with Louisville rec center? Again, nice idea in a dream world but I don't want to pay new taxes and fees for that when I have many other health and rec facilities nearby.

Rock Creek South of Coalton	Yes	10 up to 20 years	Male	<p>South of Coalton could use more greenery (1) for example the school parcel, the Mccaslin street scape to give the impression to drivers that this is a residential area, plantings that are a little more designed / planned. Trails - especially the social trails on the level 3 property would be great to formalize. I could have voted 'open space' to give support to buying the level 3 property, but 'trails' also covers this for us. Indoor recreation facilities such as yoga/dance instruction, fitness classes suitable for whole family (kids plus adults) and especially an indoor soft surface running/jogging track, and maybe one or two meeting rooms for groups like boy/girl scouts. If I had another vote it would be for the library, but I envision a small satellite library as part of the indoor recreation facility. Not a large collection, but maybe you could have some books and the ability to have books reserved/delivered from Louisville. It would seem this town could donate a large number of children's books and the collection might grow over time.</p>
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	<p>South of Coalton looks like the unwanted stepchild compared to the high level of groomed walking paths/trails/parks North of Coalton. Rock Creek South of Coalton	Yes	Less than 5 years	Male	Superior lacks its own recreation facility - a perk offered in many of the surrounding towns, and a glaring omission considering all of the other wonderful amenities our town offers. A recreation facility that can be walked/jogged/biked to is an absolute plus to a family with kids. I can only assume that our home values will improve as a result of having this offering.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	superior needs an indoor rec center that includes a pool
Rock Creek South of Coalton	Yes	Less than 5 years		Superior really needs an Apex-like facility, particularly for the winter months!
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Superior really needs an indoor pool/aquatics facility. Most of the others in the area (ie Lakeshore, Louisville Rec) are cost prohibitive for the people that live in Superior. It would be nice to have an indoor aquatics facility that can be used for both kids activities/fun and also for lap-swimming/competitive events. The best option would be an indoor aquatics park with a 50-meter competition pool, which could potentially draw a lot of outside events and produce revenue for the town.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	The current INDOOR aquatic facilities in the Boulder Metro and North Denver Metro area are extremely minimal. With the addition of a facility similar to VMAC, the Town of Superior would benefit greatly from the revenue stream of the usage of this facility.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	The dog park here is really poor. You need to look at Lafayette's - much better design. The dog park here is only appropriate for those who just sit and let their dogs run. At Lafayette people walk around the perimeter with their dogs on a nice path and dogs can run through the middle with natural grasses. Very low maintenance.
Rock Creek South of Coalton	Yes	20 up to 30 years	Male	The meeting place would be wonderful if it were to accommodate basic community meetings for all different sizes, but also be used for entertainment (i.e.: parties, informal gatherings, fundraising).

Rock Creek South of Coalton	Yes	10 up to 20 years	Female	The pools within the town are outdated in their general design and capacity and while I would love to see something indoor, it is just as important to improve what we have the the south pool in its current state is just appalling. We deserve a lot more for what we 'put into the pot' and should have at least one really special facility to compliment what is already in place.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	The recreation building should have meetings and maybe even hold a small library. Also, we should consider a library that is filled with donated books from the residents in Superior.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	There never seem to be enough multi-purpose fields for soccer or lacrosse or rugby/football. I would like to see racquetball courts or indoor activity space.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	These things are not pressing needs, I think. We have indoor recreation and swimming quite close (Lakeshore, Louisville Rec.) In one way I would love to see a 'Superior Rec Center' with an indoor pool (mainly for kid swim lessons during the winter) and other things, but in another way it seems overkill and a bit redundant due to everything that is nearby. (Although to be fair, we don't belong to Lakeshore or use the Louisville Rec Center!) I'd rather put a bit of extra money towards more extensive plowing in winter. :-)

Rock Creek South of Coalton	Yes	Less than 5 years	Male	They should expand the trail system west of Mccaslin Blvd. , especially south of intersection of Indiana/Mccaslin. There are miles and miles of hilly open space and no trails there (appears to be grazing land). The only trail from Mccaslin to the west is the dirt road/trail from the circle at Coalton, which is insufficient, there should be more. It would not be disruptive to activities in the area from what I can tell (again, appears to be only used for cattle grazing). In the area of lack of indoor facilities, a basic recreation center would suffice. It should include workout/equipment area, full size gym for basketball/volleyball/ect. and pool with adequate size for training/swim race events. I don't get the lack of indoor tennis in this area. I have lived in other cites (in AZ, PA, TX) and indoor tennis facilities are readily available. It is a low maintenance structure once installed. With the amount of younger children/teens in the area, would get plenty of usage, as the options for indoor athletic activities in the colder months is limited.

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	We need a rec center with monthly fees. Louisville Rec Center is old and not that great compared to Paul Derda Rec Center in Broomfield, and you can't get a resident discount at Louisville Rec Center even if you live in the same zip code 80027, since we're not technically in the city of Louisville. An affordable family workout and recreation facility is ideal for Superior with it's many families. Yoga and classes, kids stuff and indoor pool and meeting space would all be met with an indoor rec facility. Lakeshore is too expensive and the YMCA is too far away. Also, as far as parks in Superior, these are what many residents do not refer to as parks. There is no shade and the parks sit out in the sun so it's hard for families to go play at the parks since you get beat down by the sun. They are not real parks, they are pads with play structures on them. On dog parks, the one in Superior is in a lowland area and is too muddy for my dog to play in! we need a grassy area that's fenced in. Sad.

Rock Creek South of Coalton	No	10 up to 20 years	Female	Boulder county is lacking an aquatic center and there is great need for pool hours for many programs
Rock Creek South of Coalton	No	10 up to 20 years	Female	I anticipate aging in place in Superior and imagine perhaps moving to the future town center development one day. At present I'm very happy with things the way they are, including using Louisville library. Easy transport to old town Louisville is much more important to me than perhaps having a library in Superior. My favorite 'meeting facilities' are in fact good coffee shops and I hope the new Superior Town Center will become a great place to gather.
Rock Creek South of Coalton	No	Less than 5 years	Male	I sort of include 'Outdoor Court Facilities' & 'Outdoor Field Facilities' with 'Parks...'. Library: It would be nice to have a library closer than Louisville. Dog Park: The dog parks only have one section not allowing for separation between smaller and larger dogs. I have seen several incidents where larger dogs were aggressive towards smaller dogs. It would be nice to have 2 sections within the dog park: one for small dogs and one for large dogs. This is not unusual and many dog parks are setup this way. Trails: The trails are nice, but many are too close to homes (basically in their backyard). It would be nice to have more paved trails that go through the open areas. Currently, the open area trails are mostly dirt trails that are difficult to navigate after rain or snow.

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	No	10 up to 20 years	Male	My priority is improvements to things that effect everyone, e.g., trails, open space, and landscaping. Other facilities that are used by a small minority do not get my support. I noticed that a library was on the listâ€”in the age of the internet and digital books this makes no senseâ€”this is a prime example of going forward through the rear view mirror.
Rock Creek South of Coalton	No	10 up to 20 years	Male	no
Rock Creek South of Coalton	No	10 up to 20 years	Male	no
Rock Creek South of Coalton	No	10 up to 20 years	Male	Of all these stated catagories, Superior is already in very good shape. There are ALWAYS going to be complainers and people who keep wanting more and more. It is often very rediculous. The library issue keeps coming up from the same people. Again, rediculous. We are a very small town with libraries available all around us. We pay a fortune to Louisville to supplement their library operating costs. Enough... with the library issue!
Rock Creek South of Coalton	No	10 up to 20 years	Male	The fact that the Coyote Ridge area is private and could be developed should be considered a threat to the community. Lighted office buildings will be a 24/7 eyesore to the low lying town as well as access and fences will be erected blocking access. The residents whose homes look up on Level 3 can attest to how much a negative a large office building is to their homes.
Rock Creek South of Coalton	No	10 up to 20 years	Female	The list of consideration speaks to the wonderful place we live. My future hope is that independent senior living will be both plentiful and affordable in the Superior Town plan so I never have to leave the beauty and community of this area. Thank you
Rock Creek South of Coalton	No	10 up to 20 years	Male	There are plenty of other facilities in the area that provide indoor aquatic and recreation activities. I do not support creating more.

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	No	5 up to 10 years	Female	While a library would be nice, I do not find going to Louisville or Broomfield to be a burden. I am concerned that the ice rink, under private ownership will become a hockey only facility. Our family has a membership to Lakeshore so while I think a community facility would be nice and possibly a better value, I'm not sure Superior can compete with Lakeshore, however, as the Lakeshore facility seems to be declining, having another convenient option is appealing.
Rock Creek South of Coalton	No	10 up to 20 years	Female	Work out facilities, weights, machines, treadmills, etc.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Would like to see a dog park clear of weeds / brambles that has a water feature. Could be a lake or a fountain.
Rock Creek South of Coalton	No	10 up to 20 years	Female	would love a facility like the louisville indoor rec center. I pay for lakeshore but it is overpriced and more than most people need. The dog park is ok, but a larger off leash area would be ideal. I go to westminster dog park mostly.
Rock Creek South of Coalton	No	10 up to 20 years	Female	Would would be great to have a nicely decorated community room that could be rented/reserved for small social gatherings.
Rock Creek South of Coalton				Both Superior and Louisville are missing high quality grass soccer fields. Boulder, Westminster and Broomfield have very nice soccer complexes that are in high demand and bring revenue to the city for their use. An agreement may be able to be reached with Trebol Soccer Club to help subsidize the cost if that could be called their home field complex. Trails - would like to see more paved biking paths - similar to the Boulder biking path network. Most towns have very nice indoor recreation centers that give discounts to residents of that town - Superior does not. We would like to see an indoor recreation center that is comparable to our neighboring towns - either that or create an agreement with Louisville Rec Center to extend the same rates to Superior residents. We do share the same zip code :-)

Rock Creek South of Coalton				Having an event space that could be used for events up to 400-500 people seated could be a huge money maker for the city. If you evaluate the lack of venues for these types of events you'll see there are very limited options in all of Boulder. Most people have to go to Broomfield or Westminster to a hotel to accommodate that. I am talking about those using venues for parties, fundraisers, corporate events, etc.
Rock Creek South of Coalton				It would also be nice to see natural open space and trails I.e. Not too built up.
Rock Creek South of Coalton				no
Rock Creek South of Coalton				Question number 5 is not well put together. I feel the existing infrastructure is awesome, and just needs to be maintained. I don't feel anything needs to be added or improved. The question presupposes that I want additions or improvements, and therefore gives bad data to our town decision makers. I chose the 3 items I use most and would like to see preserved.
Rock Creek South of Coalton				We are satisfied with the facilities we have.... Thanks.

Saddlebrooke at Rock Creek	Yes	Less than 5 years	Male	Pool and Trails!
Saddlebrooke at Rock Creek	Yes	5 up to 10 years	Female	We should have a rec center similar to every other town in the area!
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I am quite happy with the arrangements that allow Superior residents to use the Louisville Public Library, and other libraries in the Flatirons Library System. I encourage the continuation of that financial arrangement. However, I think a program to provide free early literacy activities (like storytimes) for preschool children in various locations in Superior would be beneficial to them, to families, and to the future of a literate society. Free meeting space encourages community and learning. Trails support health.

Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I think it'd be great to have a library in town because I love reading and sometimes it'd be nice to be able to just walk to the library. My husband would like to be able to swim year round, so he'd appreciate indoor aquatic facilities without having to join a gym. I think the dog park now is great, but I think it would be nice if there was an area specifically for smaller dogs. I've talked to many people who say they don't visit the park because the little dogs get intimidated by the bigger ones, so having an area devoted to only small dogs would be appreciated.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I would LOVE a library in Superior!!!
Saddlebrooke at Rock Creek	No	5 up to 10 years	Female	I would really like water aerobics class in an indoor pool.

Sagamore	Yes	5 up to 10 years	Male	We need indoor pool/rec options.... Or at least a discount in Louisville.
Sagamore	No	5 up to 10 years	Male	Currently, residents of Superior have to use the Louisville indoor recreation facilities, paying non-resident prices. We need our own as it foments a sense of community. Superior is incredibly desirable, but plays second-fiddle to Louisville due to a lack of town center (coming) and a lack of a community recreation facility.

Sagamore	No	5 up to 10 years	Female	It would be great to have more affordable and public recreational facilities (indoor and outdoor) and trails in the town of Superior. I go to Louisville Rec center for most of my indoor recreation activities because they are extremely limited on our side of the highway. I would be interested in seeing additional trails in town that will connect Sagamore and Old Town to the new development. The outdoor fields in this area are also limiting and tailored towards younger children. It would be great to have some fields for older kids, teens and adults alike. Most folks I have spoken with would love to see a rec center with basketball and tennis courts, weight room, and indoor pool. I am also very supportive of a library included in the town center proposal.
Sagamore	No	Less than 5 years	Male	The town lacks a library, and trails/ open space should always be a priority. It's what sets us apart from other communities in the area.
Sagamore	No	Less than 5 years	Male	We love the open space and trails -- preserve these at all costs. We're also interested in a better library and indoor pool.
Sagamore				we need a place for kids to read books.
The Horizons	Yes	Less than 5 years	Female	Library Indoor rec center Climbing gym Indoor pool Kids outdoor splashpad
The Horizons	Yes	Less than 5 years	Female	Living in Superior is tricky when it comes to other Rec centers. We don't qualify for in-residence yet we are lumped with the Louisville zip code and therefore should at least receive their in-residence discount. It would be nice to have our own Rec center or at least be able to join at a lower rate the Rec centers in other communities. I had to leave the Broomfield Rec center because of the 50% rate increase for residence outside of Broomfield.

The Horizons	Yes	Less than 1 year	Female	While there are indoor rec programs close by (Louisville, Lafayette) you have to pay more for them, not being a resident of that city. Additionally I don't feel there is a lot there for younger kids such as my own. Paul Derda is a GREAT rec center but it's far away. I think Superior has a lot of open space, which I love. It's nice that we have a relationship with the Louisville library. I don't think adding a library to Superior is necessary because of that. We have great parks in Superior as well.
The Horizons	Yes	Less than 5 years	Female	Would Like Superior Parks and Recreation to offer courses in Dance, Music, Theater and Art(Painting. Pottery etc.)
The Horizons	No	Less than 5 years	Female	I love living in Superior and would love to see an indoor pool accessible 7 days a week from 5:30 a.m. on.
The Horizons	No	Less than 5 years	Male	I would like to see a public-private partnership with Horizons to improve their lake into an actual beach, fishing, canoe/paddle boating, and swimming facility for the whole cmty. Then take the second pond enlarge it for additional fishing.
The Horizons	No	Less than 5 years	Male	Indoor tennis for Fall and Winter. Racquetball courts. Outside tennis court maintenance.
The Horizons	No	Less than 5 years	Female	Meeting facilities should be free to community residents with valid ID. Meetings such as homework groups or people working on a project who need a room for a couple of hours should be free. Long meetings and events such as things lasting more than 5 hours or weddings or something like that should have a charge.
The Horizons	No	Less than 1 year	Female	Outdoor or indoor soccer fields would be great!
The Horizons	No	Less than 1 year	Male	The town is great. My main concern is all the construction. The workers nearly hit my car every day when I drive up to McCaslin. Also I feel we don't have enough space for medium to large businesses. The top of the hill where FirstBank is should be more utilized for business development.
The Horizons	No	Less than 5 years	Female	We have a gym, trails and tennis courts all near by. We don't have an indoor pool. That is the missing element in this area.

Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Currently, the area swim teams drive east of I-25 for large competitive meets. This is an opportunity Superior should take advantage of to help boost the local economy.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	not only will competitive pool bring in revenue it is a really nice option to have for our community
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Swimming should be considered a life skill, a health benefit, a team/individual sport, and a way to relax and socialize. A good pool design would include all these things.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	This facility should include a 50 meter by 25 meter facility with a separate diving well for maximum benefit.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	I personally am less interested in competitive aquatic facilities as they tend to cater to non-superior audience/events and reduce available time for town residents, leisure
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	with water slide
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Childrens pool area with water slides (something like Apex rec center in Arvada!)

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	need an indoor place for relaxation and exercise. need a kids play strucutre with water slides or water activities like Paul Derda Rec Center in Broomfield. SOmething for young kids and families.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Slides, lazy river etc. Lots of kids in Superior.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Why build an indoor pool without lap lanes? That seems counter-intuitive. Lots of triathletes in this area!!
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Low diving boards at a minimum. High diving board would be a nice to have. Hard to find diving boards in Colorado.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Steam room
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Winter facilities would be nice.
Rock Creek South of Coalton	Yes	Less than 1 year	Female	Pool for play indoors all ages!
Rock Creek South of Coalton	Yes	Less than 5 years		The problem with the Louisville pool is that there are not enough lanes open and folks have to share mulitple people in a lane, but not everyone swims the same speed or knows the rules of circle swimming. In 3 months I was involved in 3 head on collisions in the lane.
Rock Creek South of Coalton	Yes	Less than 5 years		Water slides for kids, water play structures for younger kids.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	if an indoor pool is built then it needs to serve both leisure and lap lanes

Rock Creek North of Coalton	Yes	10 up to 20 years	Female	A place to entertain teens: games, education, classrooms
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	As I have mentioned, indoor tennis courts and year-round conditioning space would be incredibly valuable. (And THANK YOU SO MUCH for refinishing our courts, and providing shade structures and scoring posts. These were well-used and greatly appreciated all summer! It made such a difference for our kids!) I believe there are at least 75 - 100 kids involved in tennis lessons and competitive play. The Town of Superior is building an exceptional tennis reputation for State Level Competitions and skill. Contact Jackson Dreiling / Ted Murray (BV YMCA) if you'd like participation statistics. You will be surprised by the growth trajectory of these programs. Last year there were two USTA Youth teams, this year there were at least five. Four of the teams competed at the State Championships. All teams advanced to a higher level of competition after last year, and competed very very well at the State Level. You could also contact Mark Reuter about this program. 720.530.3129.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It might be more well used if it was up here within the heart of the Rock Creek Community, especially where the youth could get to them autonomously.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	That big open space at the corner of Coalton and McCaslin is perfect, the north-east side
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	the plot of land on the NE corner of Coaton & McCaslin is ideal (central loc for most of population)

Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Use a mathematical formula to find the population center for each facility and try to put it close to that.
Rock Creek North of Coalton	Yes	Less than 1 year	Female	Somewhere central in Rock Creek so the majority of residents could get there easily and kids could go on their own without being driven
Rock Creek North of Coalton	Yes	Less than 1 year	Male	No strong preference for location...Superior isn't that big. But one central location for all facilities would be better.

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Original Town	No	10 up to 20 years	Male	Accessible bike trail
Rock Creek North of Coalton	Yes	10 up to 20 years		prefer consolidated area for indoor facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years		Prefer for a centralized location for all facilities to be together if possible, daycare on site
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	as long as it's not right in the neighborhood to be an eyesore or cause traffic for residential streets. Would like a bike/walk path linked to get there, easy and safe for kids. Prefer Somewhere in Rock Creek rather than in Old Town again a safe place for kids to get to easily even on their own.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Could we also improve the quality (and maybe number) of the tennis courts available at Eldorado K8? Until just recently, I was not even aware that there were courts there. Has any thought been given to developing the untamed area beside Eldorado K8? (As is, it is fairly unsightly.)
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Do not mix in the neighborhoods- I do not want to deal with parking, noise, etc.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Easy access for kids without having to worry about crossing major road or have access via paths.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	If you build the facility far from most families, you'll have to provide a giant parking lot. Notice that the lot for the Louisville Rec Center frequently overflows. Is there land set aside in Superior for a larger parking lot than that?
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	No
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Please consider a warm water indoor pool facility. There are members of the community who are not able to participate in team sports, for whom playgrounds are inaccessible and outdoor swimming is limited, again, by accessibility and weather. This would also be great for those recovering from injuries, senior citizens or anyone who would like a relaxing, therapeutic swim.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	strongly prefer Rock Creek (north or south)

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	The location needs to be easy accessible for Superior residents and surround areas so that we can get more revenue for the recreation center. If we can attract people from Louisville (who uses Louisvill rec center) and Broomfield (who use Lakeshore), we will have lots of revenue to support our new facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	NE corner of Coalton & McCaslin or vacant land next to Eldo (2nd choice)
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Whereever it is, it needs to have a large bike rack and sufficient parking/access. It would be a drag to have poor parking and Mexico-like traffic. That is one of my concerns about the proposed Town Center area. I don't want to have to fight traffic to use a facility. Also, I think it would be better if people could walk and ride bikes to the facility. That is less likely to happen if people have to negotiate McCaslin hill.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	another alternative could be putting a bubble over the North Pool in the off season to utilize the pool already in place
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	By far the majority of people who will take advantage of an indoor facility live in Rock Creek, so it makes sense to have located nearest to its user and minimize traffic and energy.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I think Superior is a pretty small town, so no matter where it is located, it would be pretty accessible for people. Parking should definitely be a consideration (making sure there is space for enough parking for an indoor facility). Also, having some 'free' type of activities seems to help draw people in to a facility (ex. a water fountain kids can run around in outside the facility and/or a free play area, like they have at APEX). I think these help people be around the facilities and then gets them drawn into the parts that would require payment.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Isn't Town Center considered North of Coalton? I think if there is space in the Town Center area , that would be a good place. Though I think anything in Rock Creek north of Coalton would work.

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	location should be easily accessible by all residents (especially children/teens) with ample parking. (Key requirement) town center is not accessible by all residents and would require children to navigate mccaslin boulevard to access. north of coalton seems to be the best location for all.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	No
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Perfect recreation center location is on the NE corner of Coalton and McCaslin. It places it right between the North and South communities of Rock Creek, and also places it just west of Community Park.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Please make sure it has enough parking. Non-retail locations in Superior frequently don't have enough. There is enough inclement weather that walking is frequently not an option.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Safe accessibility for older kids and teens to walk to
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We do need indoor facilities with our weather.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Center of town
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	New indoor facilities belong in the Town Center!!!
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	No
Rock Creek North of Coalton	Yes	Less than 1 year	Female	When referring to Town Center, I am referring to the 'new town center' to be built out. Not the town center by Target.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Empty lots are available next to Eldorado k-8 School
Rock Creek North of Coalton	Yes	Less than 5 years	Female	I personally think the space between Community Park and the Coalton trail head/car circle would be outstanding. It is central to most of Superior and people who are commuting through town can stop and use the facilities as well (helping to support it with 'non-Superior' dollars).
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It would be nice to have the facilities in Rock Creek, so that they are walking distance.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Our family would love an indoor rec center like Paul Derda! We do not, however, wish to have this built so that it compromises views of existing homes or deters from trails and open space. Rec center should be easily walkable/bike-able from Rock Creek.

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Centralized location would be more efficient and cost effective for the amenities I'm interested in seeing. I think the facility should be located near the center of the major population area. Preferably within easy walking or biking distance for most of the community.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I'm just being selfish here--I want it within walking or at least biking distance. Once I'm in the car, it's no big deal to go to Broomfield.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Selfish rating. Closer to my home would be better, but any location would be great.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Since indoor facilities will typically be used more in the colder months, most people will drive to get there. So, the location isn't as important if the drive is 1 minute or 5. Clustering the facilities around each other will make it easier if family/friends want to do different indoor activities as opposed to spreading the indoor facilities throughout Superior.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Would prefer to all be in one location
Rock Creek North of Coalton	No	10 up to 20 years	Female	Corner of Coalton and McCaslin
Rock Creek North of Coalton	No	10 up to 20 years	Female	Indoor / Outdoor Pool - year round - with lots of large hot tubs
Rock Creek North of Coalton	No	10 up to 20 years	Female	no.
Rock Creek North of Coalton	No	10 up to 20 years	Male	Prefer Rock Creek where most of the people are located so that especially younger residents can walk/bike safely to facilities.
Rock Creek North of Coalton	No	10 up to 20 years	Male	The new town center is going to need all the centergies it can get so a meeting area/study area would work best there.
Rock Creek North of Coalton	No	20 up to 30 years	Female	No
Rock Creek North of Coalton	No	5 up to 10 years	Female	An area with adequate free parking; accessible from existing trail system

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	No	5 up to 10 years	Female	There's a parcel of land at the intersection of McCaslin and Coalton near the rotary (not the open space across the space) that I think should be developed. It's wasted space...and it is right next to my Rock Creek sub-division, and I just think it would be a great place for some sort of facility....a small library and park, or some senior or teen center or something.
Rock Creek North of Coalton	No	Less than 5 years	Male	Rather than spread out the facility, it may be better to have in one area easily accessible to all.
Rock Creek North of Coalton				Along US 36 - high visibility, easy access for indoor spaces that out of towners can pay to use. Put the gym, climbing wall, rec center next to Eldorado k-8 or at McCaslin & Coalton. Put the things we will primarily use inside the community and put the pay per use facilities at the extremities. Keeps us inside the neighborhood (walk or ride a bike) and the traffic outside the neighborhood.
Rock Creek North of Coalton				Keep it centered in Rock Creek within easy walking distance to majority of residents.
Rock Creek North of Coalton				Superior needs to step up and provide full amenities. Be progressive. It has felt stagnant for 15 years.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Needs to be somewhere that has easy in and out/drop-off as well as parking
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	as long as there is easy access with trails to reach it from any area of town
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Beside Eldorado K8 would be nice.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	It would be great to see it mixed around the neighborhoods HOWEVER I feel that there is a high concentration of general public facilities (parks, usable open space, etc) North of Coalton in Rock Creek and would LOVE to see there be an equal expansion of facilities available both South of Coalton in Rock Creek and in the Town Center / Original Town. We need to offer a wide variety so that we get around our community more instead of only flocking to one area. Having a good spread of things helps accomplish this.

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Just would like things to be within walking distance, not the Town Center where no one lives.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Easily accessible to kids on bikes / walking
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Indoor field near safeway of course, Maybe treadmills, even some lifting equipment, at the pools so parents could run while kids swim. Perhaps something near the coalton trail head so residents can go to work out and also could leave right from there to run or bike or hike the trails, maybe with bike size lockers or indoor racks to keep bikes safe while showering.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	It should be in the town center area for better serve all town residents with plenty parking space.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	It should be located in Rock Creek, south of Coalton. Currently Rock Creek, south of Coalton has no named park Almost all parks and recreation facilities are located north of Coalton.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Should be centrally located, not at either end of town.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I think it would be great if the Recreation Center was located on the corner of Coalton and McCaslin near the roundabout in that big open lot. It would be great to be right next to that trail head. And you could have 2 accesses (one from Coalton and one from McCaslin)
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	It would be great if it was truly in the center of the town, near Coalton, so families could walk/bike to the facility. The 'town center' will probably require driving for most of the town residents and I think that's a mistake. We have great weather most of the year and people enjoy getting outside. Also, it could be good for the older tweens and teens, to be able to walk or bike without having to be dependent on getting rides for recreation.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	No
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Please bring an indoor lap and/or competition pool to Superior!

Do you have any comments on your preferred locations for INDOOR facilities?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Please do NOT put it in the 'Town Center' area. If most of your population has to drive that far, we might as well go over to Louisville.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	We prefer Superior south of Coalton and don't care if Lakeshore would complain. Their facility is not 100% as far as membership because it's too expensive for most people with families. Anywhere inside Superior would be okay.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	I am confused, I thought Superior is getting indoor facilities added next to the ice rink. Is that not the case? If Superior is having these built, I do not believe we need to duplicate them - if anything just amenities to the existing plans or space.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	I would like to see the north/south pool areas expanded to include winter activities. While not necessarily feasible to add indoor pools, the entrance areas could be used for weight/exercise areas and/or game rooms during winter months. I believe this could be done without having access to the closed pool areas. The entrance areas could be increased in size to accomodate year round facilities, if there is funding.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	open area next to Elodora k-8 school.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Putting one of those temporary 'bubble' covers on the north pool could be a good solution to have an indoor aquatics facility without having to build a whole new facility.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Since you are asking - Redevelop the Safeway commons area to incorporate the wonderful turf field, baseball field, and any indoor recreational facilities with small business opportunities....The current strip mall design is not working. I certainly don't want to spend any time in restaurants overlooking a big parking lot. Make that the centerpiece of Superior!!!!
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	The large open space next to the Eldorado K-8 is a great location for the facility
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Town Center would be good for the additional space, but might maybe a bit close tf Louisville and Lafayette as well.

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Use huge parcel next to El Dorado K-8
Rock Creek South of Coalton	Yes	Less than 1 year	Female	Place it so the highest number of people can walk or bike to the location(s) - near the homes - where people live - help cut down on traffic and make this area more walkable.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	As stated earlier, indoor facilities should not be adjacent to our elementary schools for the safety of our children - people constantly hanging out around the schools, driving in and out, etc.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I think the area near the roundabout (North of Coalton and East of McCaslin) would be a great location and easily accessible via trails and roads.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	not in the open space next to the Eldorado k-8 school
Rock Creek South of Coalton	Yes	Less than 5 years	Female	The space near Eldorado K-8 would be great for a children's library location or an indoor playground that could also be rented for parties.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	To repeat, I agree with indoor hockey rink already confirmed with funds to be built. I don't feel the need for other amenities, which would duplicate existing facilities throughout the area.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	Within walking/biking distance of Coalton & Rock Creek
Rock Creek South of Coalton	Yes	Less than 5 years	Male	I would think the indoor activates are family based, if the location is near to kids's school, that would be very nice.
Rock Creek South of Coalton	Yes	Less than 5 years	Male	Natural to fold this into the open space plan for area near Eldorado K-8
Rock Creek South of Coalton	Yes	Less than 5 years	Male	Town Center would be ideal area. If children in activities, proximity to town ctr offerings will be ideal for parents waiting. Town ctr available restaurants/events would be good after recreation options.
Rock Creek South of Coalton	No	10 up to 20 years	Female	Only that be accessible - with perhaps community ride opportunities.
Rock Creek South of Coalton	No	5 up to 10 years	Female	Keeping everything in one area close to the expressway seems to make the most sense in terms of development and access.

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	No	Less than 5 years	Male	Please ensure that there is adequate parking and that the increased traffic volume is factored into the assessment. I would avoid adding facilities to the already congested McCaslin Blvd near the 36 ramp and Target/Whole-Foods/Panera shopping area (McCaslin Blvd & Center Drive)- unless the road capacity there will be significantly improved by the current construction.
Rock Creek South of Coalton		Less than 5 years		It'd be really nice to have all indoor facilities in one location for accessibility and proximity to other businesses/amenities.
Saddlebrooke at Rock Creek	Yes	Less than 1 year	Female	not in dense residential areas
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	For preschool literacy activities, indoor children's playground, and teen space a mix of neighborhoods would be preferable for access. I am suggesting duplicating space. Consider that they be along bus route as well.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	It would be great if the location was along the 228 RTD bus route, for more accessibility.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	None
Sagamore	Yes	5 up to 10 years	Male	Not sure the point of answering this. Everything is slanted toward Rock Creek and I doubt this will ever change.
Sagamore	No	5 up to 10 years	Female	Town Center Please!
Sagamore	No	5 up to 10 years	Male	Original Town and Sagamore gets short shrift. These residential areas need to be better incorporated into the Town Center. Our ideal location would be between Original Town and Sagamore, across from Kupfner Field.
Sagamore	No	Less than 5 years	Female	near Kupfner field would be an excellent location!
Sagamore	No	Less than 5 years	Female	People will use the indoor facility and then if they are close to local restaurants and shops, hopefully they will go to them.
The Horizons	Yes	Less than 5 years	Male	No
The Horizons	No	Less than 1 year	Male	Where ever the most crime exists in the town place those facilities to clean it up.
The Horizons	No	Less than 5 years	Female	If it's out near rock Creek just north of coalton makes good sense too. If I can bicycle to it, then that's great!!

The Ridge	No	5 up to 10 years	Female	Near Town Center could be convenient because people coming and going from the indoor facilities would then have immediate access to the shops and restaurants there.
The Summit	Yes	10 up to 20 years	Female	Only that I live there. Otherwise I'm sure the town will decide what's best. Let's not have it too near the Louisville Rec Center!
The Summit	Yes	Less than 5 years	Female	It would be great to have horse stables and an indoor horse arena near the trails on open space.
The Summit	Yes	Less than 5 years	Female	We need indoor facilities for little kids to spend their winter time.
The Summit	No	10 up to 20 years	Female	I think its important that the Town consider public/private partnerships for as many of these facilities as possible...where you place them would be of interest to a private owner as it will affect access. We seem to have a real issue with established neighborhoods not wanting the rest of the community and outsiders to come to their area (as is the case with the E-K8 park which is a sad impediment to new parks and facilities.
The Summit	No	Less than 5 years	Female	Thanks for asking for resident input!
The Summit	No	Less than 5 years	Male	Town Center might be a good location if determined best for town.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Calmante	No	Less than 5 years	Male	Superior should plan a Public Library
Original Town	Yes	10 up to 20 years	Female	It is out of the way. It is much more convenient for me to stop at the Boulder Libraries on my way home from work.
Original Town	Yes	10 up to 20 years	Female	Love that we can use such an amazing library... wish we had one of our own!
Original Town	No	10 up to 20 years		Thankful for the opportunity to use a neighboring town's library. Do not think one is necessary in Superior
Original Town	No	10 up to 20 years	Male	Use boulder libraries frequently
Rock Creek North of Coalton	Yes			Enable official check-in at book drop off in Superior. Currently a time lag.
Rock Creek North of Coalton	Yes	10 up to 20 years		I love libraries. We are a large enough town to have our own library
Rock Creek North of Coalton	Yes	10 up to 20 years		The amount Superior pays Louisville is too high. Louisville residents pay for the library building through property taxes. Superior and Louisville residents pay for library operations through Louisville sales taxes. Superior residents ALSO pay for operations through property taxes. Louisville was up in arms because Superior residents were heavy participants in the kids' summer reading program. But that year the program was only a little over \$1000. On the other hand the teen room which is much more expensive because it requires staffing is used almost exclusively by Louisville residents. By charging Superior based on the average cost rather than the incremental costs, they are including the cost to purchase new materials but they don't allocate any of the new materials to Superior, and they are including operational costs that are essentially fixed costs rather than variables costs (staffing, utilities, maintenance) that they would largely incur whether or not Superior uses their library.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	glad issues were worked out. Library is needed aspect of any community. Convenience of closer proximity would encourage more child and teen use. Better for environment to not be driving there.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I appreciate access to the Louisville library but feel the town of Superior is large enough to warrant it's own library. A library provides more than just books; it's community space, a place for young children, a place for teens. It builds community.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I do not like that library. They are not very welcoming to us. They charge a \$1.00 fee if you reserve a book and then do not pick it up. No other Boulder library does that. I will not go there. I drive all the way to Table Mesa to use that library. And I visit frequently- at least once a week. I reserve books online all the time and love that service.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I like having a drop off space at town hall. A drop off space that could be accessed 24/7 would be nice.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I love using Louisville's library. Please continue to support it.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think it is perfect. So much is done online that it would be a waste of resources to finance our own library. It would be difficult to provide one that would meet the needs of the town. Louisville is not that far to go for the library.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I would prefer to have a location in Superior where materials could be picked up rather than having to make a special trip to Louisville.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I would really like a 24-hour drop box in Superior, even if the items aren't checked-in to Louisville with any more frequency than the current drop box at town hall. So if it's dropped on Friday afternoon, it's ok that it doesn't get checked in before Monday.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It doesn't seem to be adequate for the amount of money Superior pays.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It is nice but it is too far away therefore we don't use it as often.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It works just fine. Boulder also has a nice Library. The two elementary schools and middle school also have libraries the kids can use.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It's a nice interim solution, but I would love to see a library here - not only is it more convenient, I feel that I library lends a feeling to the town that we are a community that values learning, reading and sharing community resources.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Louisville Library has less inventory than Broomfield and they have fines for not picking up books when you put a hold out.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Materials that we wanted were always checked out so put on waitlist. However, I was never contacted from those lists even once; perhaps because I was Superior resident? I know for a fact that is policy that Louisville Rec center puts their residents ahead of ours no matter the time element, along with higher prices for us. My kids were always put on separate list as Superior resident for classes of which we have friends in Louisville that signed up just before class and were included.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	N/A
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	No
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Our own library would be a waste of money, Louisville library serves town needs. Some parents just do not want to drive there, no reason to spend a lot of money for a childrens reading corner.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Too inconvenient to use. Not enough parking, traffic an issue.....
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Way too many overdue fees since I don't get to Louisville enough, and town hall isn't open when I can conveniently return books. I've also never felt welcomed from Superior.

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We are avid library users. With three kids in school, busy with their activities, it is hard to find the time to get over to the Louisville library. I don't know if other Superior residents face this too, but I feel like I often owe late charges at the Louisville library. I wonder if books that are put on hold at the library could be brought over to Superior for simpler pickup? In addition to the ability to drop returns off at the Town Hall? I don't always find the Louisville library staff very friendly or courteous or helpful. But maybe that behavior is not strictly directed at Town of Superior residents, maybe that's just how they are? I would really love to have a Superior library of our own. Please! :-) It could also have activities for the youth. Maybe teen movie nights, family-oriented speakers, parenting classes for those with young kids, programs for seniors? Who knows. But I think a library is a great meeting place.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We need data on how many Superior residents actually use the Louisville Library before we pay them anything. I also use Broomfield an Boulder libraries for free and Superior doesn't pay them anything.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We should keep this relationship going. We do not a separate library that will just duplicate what is already in Louisville.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We use the Library maybe 2 times a year. The future is in tablets, not paperbacks. A rec center with a few computers may suffice if that's what you're looking for. I feel the Library is expensive, costly to run and barely any people get use out of it. We have what we need PLEASE NO LIBRARY! The few people that want it can live with what we have, we need kids to be active and there are no places for this. Anyone can sit and read a book anywhere, it's an isolated activity. bring the community together with fun activities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	It is not easy to access the library facilities
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	It should be terminated

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	It works flawlessly. I have 5 kids that each check out numerous books often. We have no problems. Superior does not need to build a library.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Library's are expensive to maintain. We all have cars, and Louisville is only a 4 mile drive. Invest in what we don't have near by, indoor meeting space. Perhaps Louisville would like to share our space.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Our family uses the Louisville library and would have paid an individual fee to be a member there. The town shouldn't be paying Louisville for this. If a Superior resident wants to use the Louisville library, Louisville can charge a fee. Louisvilles argument that fees would reduce number of people coming to the library fixes the exact problem they claimed they had: that Superior residents were putting a burden on the library. The current arrangement is just a way for Louisville to collect taxes from Superior with no representation of Superior's interests. Right now, Louisville could reduce the budget for the library and use the funds for something else in Louisville and make up the difference with payments from Superior.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Please maintain this relationship.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	The Louisville facility is adequate for our needs. Some type of smaller, satellite library facility in Superior Town Center might be nice.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	too expensive
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We are thankful to have access to the Louisville library
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We pay too much to Louisville for library services.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	While this is a good stop gap measure, I see it as a big negative as Superior uses it as a crutch so as to not have to provide these services to its citizens. Don't stop this service as it is all we have, but we need to build or own library and stop relying on Louisville to provide our basic services like this.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	works fine. No need for Superior to devote space and \$ to a local library when we have Boulder and Louisville nearby
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	It seems a bit expensive to Superior, but sharing is better than having to build and sustain a library.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	Getting to downtown Louisville is a hassle at times. If there was a library in Superior we would frequent it more.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	It's excellent. No need for a lesser library here. Most likely would be a small facility for kids only which is a waste of money.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	So far, all of our library needs have been met at the University of Colorado library and the Boulder Public Library
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	We can easily get all our Library needs online so its of no interest to me or my family.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Annex location or more public information about online books available
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	As long as the existing relationship continues, I'm happy with it. If anything changes, such as it not being free for Superior residents, or no longer full library use or borrowing privileges, then I would find the need for Superior to have its own library. I do like that the Town of Superior offers a book return at their facility so I don't have to drive to Louisville to return books.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	How much are we paying for this relationship? Also, any town that is a great town, has its own library. We don't have a rec center or library!
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I think it is a great relationship! The Louisville Public Library is close and has great services.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	It seems to be good sometimes, and not great at other times.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	It seems to work reasonably well for our needs currently.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Keep it

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Louisville is a smart town for having such a great library. I end up eating there and shopping there simply because the family headed over to the library. Unfortunately Superior does not offer anything to get my family out in town, except for a few yearly events.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	louisville library is nice, however not very accessible. that being said, more and more content is available digitally so it may not be necessary to have a library close by.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	no
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	see previous comment.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	the bookdrop in superior is very inconvenient as you have to get out of your car and walk in the books ONLY during business hours.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	The library services are good. A closer location would be nice for kids/young teens to be able to go to the library on their own.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We go to Boulder and Broomfield too.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We need better book return options for Town residents that are not able to drop off books during weekday business hours. Also, the ability to pick up reserved books somewhere (a Book Mobile?) would be helpful, as I still make many single-use trips to downtown Louisville to pick up or return library books.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	We would visit a library more if one was closer. We do very little in Louisville, and trips to the library have to be planned. We do go there frequently, but it can be a real hassle.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	End the relationship, and build our own library!!! This is so sad that we don't have our own library . I want my children to be able to ride their bike to the library, and not for us to have to drive them there. A library fosters education, curiosity and a child's development. We as a community are lacking without one.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	I believe for what we overpay the town of Louisville for our relationship with the Library and feel we could lessen the expense on the town with our own library.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	If this relationship can be maintained amicably, it works well. Building an additional library for Superior when a perfectly good one, that we can use, in Louisville seems like a waste of money. Simply augmenting their facility seems appropriate.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	It should be maintained
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	My family has tried the LPL on a few occasions but not found it to meet their needs. Thus, our feeling is that the relationship is not worthwhile.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	No need for change.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Not extremely convenient, but it meets our needs.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	The cost benefit ratio is sufficient.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	We love the Louisville library.
Rock Creek North of Coalton	Yes	Less than 1 year	Female	If building a new library just for Superior is going to cost more money and taxes, I'm fine with the continued use of Louisville's library. We can borrow from Boulder and Broomfield on Louisville's card. This is sufficient
Rock Creek North of Coalton	Yes	Less than 1 year	Female	We use the LPL frequently, but we have to drive. It would be nice for it to be easier. There are so many kids out here.
Rock Creek North of Coalton	Yes	Less than 1 year	Male	While the Louisville library isn't exactly 'far away,' it's not close either. My family would use the public library a lot more if it were closer.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It would be great to have a Superior public library that had a partnership with the Louisville Public Library.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It's a great amenity for Superior residents and we use it frequently with our small children. However, it would be a wonderful addition to our community to have a library, a safe place, for our older children and even teens to walk to or ride bikes. Could act as a community center with craft activities, a place for homework/tutoring, etc.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It's great, except that it's so far away and you have to drive there, and parking there is sometimes limited due to big downtown events. I would love to be able to walk to the library with my children, or let them go there by themselves as they get a little older, but as it stands now, my children wouldn't be able to travel there by themselves until they can drive.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It's nice we can borrow books from Louisville Library, but it's nearly 20 min door to door drive from Rock Creek. How does that encourage reading any learning of our kids?
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Library needs more weekend (Sunday) hours
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Not so much about the existing relationship. I would like to see more of the popular authors stocked in the stacks and not necessarily need to be requested to be put on hold at the Louisville library. The Boulder branch seems to have more titles readily available.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	our family prefers Bloomfield library more, since it has more convenience location and more children book collections.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Since parking is not very easy in Louisville, I always end up taking my kids to the Lafayette or the Broomfield Library.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Thank you for providing it. It is the most convenient at this time.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	The library in Louisville allows access to materials at other Boulder County libraries, but rarely has any materials in Louisville that interest me. I often have to utilize the interlibrary loan system.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Very convenient for children's books, but not good selection for adults- probably because it's a small town library. Wish the Superior drop box for books didn't have restricted hours.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	We went to the library a lot when we first moved here the first year. We've had more than one experience with them claiming we did not return items - and then they found them on the shelf. It's not worth the hassle. We use Boulder some, but it's pretty far away.

Rock Creek North of Coalton	Yes	Less than 5 years	Female	Wish the book return drop box were located in Rock Creek and we could drive up to it. Like the drop box at Purple Park!
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Be curious to see what the usage is from Superior residents, to see if worth developing.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Driving to Louisville isn't as convenient as it used to be due to flood damage.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I love the Louisville library and do not think replicating our own would be a good use of funds. If anything, we should pool money with Louisville to add services to what is a great shared library between our two communities.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	No, works well
Rock Creek North of Coalton	Yes	Less than 5 years	Male	The arrangement is just fine. No need to bloat our taxes with a library
Rock Creek North of Coalton	Yes	Less than 5 years	Male	There are families and individuals who still utilize the Public Library. However, in the modern day, this is done less and less. Any books needed will be purchased or we will use the elementary school's library. We have computers at home and access to about any other digital information we need. There are rare cases that would ever prompt me to actually go to the Louisville Public Library.
Rock Creek North of Coalton	No	10 up to 20 years	Female	I feel comfortable and welcomed at LPL
Rock Creek North of Coalton	No	10 up to 20 years	Female	How often do we have to ask if we want a new library in Superior - does someone just want to build a monument to themselves? This comes up every couple years - it is a waste to duplicate resources that are readily available 10 minutes away.
Rock Creek North of Coalton	No	10 up to 20 years	Female	I do not think we need libraries in our town. Boulder and Louisville both have libraries we can use and so do all of the public schools.
Rock Creek North of Coalton	No	10 up to 20 years	Female	I think we should continue our relationship with the Louisville Public Library, but also have a library facility in Superior.
Rock Creek North of Coalton	No	10 up to 20 years	Female	I'd love to have something within walking distance of my home.

Rock Creek North of Coalton	No	10 up to 20 years	Female	It seems to be working well now from our perspective.
Rock Creek North of Coalton	No	10 up to 20 years	Female	It's too far and not effective and toooooo small
Rock Creek North of Coalton	No	10 up to 20 years	Female	Keep it!
Rock Creek North of Coalton	No	10 up to 20 years	Female	We used to go to the Louisville library when our children were living here but after all the negativity from Louisville we started to go to the Broomfield library. They are great
Rock Creek North of Coalton	No	10 up to 20 years	Female	works but not convenient
Rock Creek North of Coalton	No	10 up to 20 years	Male	happy to see the library issued settled
Rock Creek North of Coalton	No	10 up to 20 years	Male	I love the Louisville Library. Of course, it would be nice to have a library in Superior, but I'm not sure that we could have a comparable facility that would (independently) meet of needs. Not really sure if we would be getting 'enough bang for our buck'.
Rock Creek North of Coalton	No	10 up to 20 years	Male	It worked well for our family through the years
Rock Creek North of Coalton	No	10 up to 20 years	Male	It's great, close by, no high density road traffic to get there unlike city libraries in larger communities. Selections could be more up to date but it's easy to go on the waiting list for most items wanted. I can not imagine the cost to Superior residents to put in more than a bookmobile library local feature.
Rock Creek North of Coalton	No	10 up to 20 years	Male	Keep it. We can spend our resources on other needed items.
Rock Creek North of Coalton	No	10 up to 20 years	Male	Superior would benefit from its own library.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	No	20 up to 30 years	Female	When my kids were younger, I used the library constantly. It would be nice to have a library in Superior. It would be great to have a library where they could also have small classes and if it would be an inviting place to hang out and get some computer work or writing done.
Rock Creek North of Coalton	No	20 up to 30 years	Male	If we MUST have library services, having the relationship with the Louisville Public Library STILL seems a more cost effective alternative than a library in Superior. However, I question the need/demand for library services in today's day and age.
Rock Creek North of Coalton	No	20 up to 30 years	Male	It meets my needs completely.
Rock Creek North of Coalton	No	20 up to 30 years	Male	It seems to work pretty well. We use various libraries in the area -- actually Boulder the most
Rock Creek North of Coalton	No	5 up to 10 years		Let's keep it!
Rock Creek North of Coalton	No	5 up to 10 years	Female	It's just not convenient...which I realize is nuts because it's not that far, but it's just out of the way. Would be so nice to have some sort of small physical library here in town.
Rock Creek North of Coalton	No	5 up to 10 years	Female	Keep it until Superior gets it's own library
Rock Creek North of Coalton	No	5 up to 10 years	Female	We appreciate the relationship and take advantage of it; however, we wish it were more convenient in terms of location. It would be nice to have a library on this side of the highway.
Rock Creek North of Coalton	No	Less than 5 years	Female	It is not acceptable. Would not support it financially in the future.
Rock Creek North of Coalton	No	Less than 5 years	Female	Nice to have the relationship, but it's a bit of a far drive and parking in the area is tough. It would be wonderful to have a library option closer to home, while still maintaining the Louisville relationship.
Rock Creek North of Coalton	No	Less than 5 years	Female	This is fabulous!!!
Rock Creek North of Coalton	No	Less than 5 years	Female	We used the library once when we moved here four years ago. It is too inconvenient and small to meet our needs and we are more likely to use Boulder libraries.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	No	Less than 5 years	Male	Parking downtown louisville is a pain, and cycling/walking to the library isn't currently feasible
Rock Creek North of Coalton				The Louisville library is excellent and we use it a lot, I just think that Superior should have it's own that kids could ride bikes to.
Rock Creek North of Coalton				The Town should not maintain this relationship. Usage of the Louisville Library should be between the Library and a patron willing to pay for services on an individual usage basis.
Rock Creek North of Coalton				We don't need a separate library in Superior. It would be nice to have the Town sponsor a few community library boxes in various neighborhoods in Superior, and let them be filled with books from residents, but with upkeep of the boxes by the Town.
Rock Creek North of Coalton		10 up to 20 years		None
Rock Creek North of Coalton		10 up to 20 years	Female	TOO EXPENSIVE!!
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	A town the size of Superior should have its own library. If done right the new Superior library would have meeting space, quiet room space, class room space. It would be available for many types of social events, big and small, directed at all age ranges and all interests. Ideally, it would be situated next to a playground and open space access to draw people of all interests to it.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	By being in Boulder county we can use any library in their system...they are just far away. Libraries are a wonderful multi generational gathering place with community events for free. It would be wonderful not to have to drive 20 min out of Superior for these things.
Rock Creek South of Coalton	Yes	11 up to 20 years	Female	We give Louisville way too much \$\$ for the 'priveledge' of using 'their' library!
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I like the drop off box in town hall
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I think it is a great relationship! We love the Louisville Library and have been going there for many years. I don't think it makes sense to duplicate library services for a community the size of Superior. I hope the relationship continues.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I think that they are grossly overcharging us because they overbuilt and over spent. There is no reason that for the money that we give them that there isn't some sort of a mini-annex here. I have spoken repeatedly about how there are options to explore - why there isn't a mini library in all of the vast open retail space we have is beyond me. We have a mini library in our small town in another state that services less than 1500 people and it gets fully changes out quarterly but we can request books and have them within a week and have full access to research materials and the liking. People get focused on making it 'too much' when something rather simple would be more than adequate.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	It has not worked out for us. Too far, too many late fees in the past.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	It's a major drive and is not convenient!
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	It's great!
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	no
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	not easy to get to. inconvenient.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Relationship is good but I think the \$250,000 we spend annually might be able to be put to better use if Superior were to provide some of its own library services
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Seems very adequate and a good sharing of two towns' resources. It works especially well with the book return at town hall.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	This is a fantastic relationship.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	This is a good relationship and should be maintained. The Louisville Library is large enough.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	this is a great mutually beneficial arrangement and works wonderfully
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	We are quite happy with the current arrangment to use the Library in Louisville. I do not think we need to spend the money to build another smaller library in Superior. There are better options to spend money on to build up the town center.

Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Wish we had a library closer to us.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	As we're in the digit era, a physical library becomes less and less important. The town shall consider a digit library, i.e. subscribing most popular and comment digital books, magazines for its residents.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	could we have our own library and still be able to get books loaned to us and delivered to the superior library
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	I wish there was a delivery service to somewhere in Superior to pick up items. This way People would not have to drive all the way to Louisville to pick up requested items. Also, it would be nice if the drop off at the town hall was available after hours and on weekends. Maybe a slot in the window that would be connected to the drop box. Also, it would be good if more books and music could be borrowed from the Denver Public library system.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	It works.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	It would be great to have an annex where books reserved online could be available for pickup in Superior.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	It's fine. It works well enough for us to not invest in a library. A reading room in a community center would suffice.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Nice, but in reality we went less than ten times during our kids youth (they are middle school now and we never go there). but with internet stuff now I am not sure investing in a library makes sense for our community.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	seems expensive, but we use it.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	we can check out books in Boulder lib or Denver lib, we already have so many lib around us. no need to spend money on this

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I wish we had a book return drop somewhere besides Town Hall (not always easy to get to, especially when I have to get my two young kids out of the car just to walk all the way in & return books.) We go to the library frequently enough, but sometimes it would be nice to drop books locally. My daughter is starting kindergarten...maybe a drop box at the schools?
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	i would use a library that is close by (within walking/biking distance). Louisville library is too far away and not convenient to get to.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I'm happy we have the ability to share the library, but I don't feel as Superior residents our voices are heard or that we have any input.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I'm just not sure why you tout the relationship. I also have a Westminster library card and many friends use Boulder. I don't think you need to be a resident to get one in most nearby towns.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	It's nice that we have a relationship but it's TOO FAR away. Most all Superior residents that we know spend their time and money in Louisville because of the Main Street offerings (shops and restaurants, library). This is SAD, we'd rather spend money in SUPERIOR where we live and not have to drive to a neighboring town.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Local libraries are valuable.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Superior Pays a lot...could library be called something that reflects towns monetary support?
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	The library isn't conveniently located or easy to get to, but fortunately we have had weekly activities close by (guitar lessons & jump rope classes) that allow us to use it very frequently. I know some neighbors who never go and I think the location is a big part of it. Also, it would be great if my tween/teens could walk or bike to a library for homework and leisure and not be reliant on me driving them. Couldn't we have a satellite space with some books and study room and also the ability to interlibrary loans?

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	We love the Louisville Library and use it all the time. I would love to see the partnership between this library and Superior residents continue. I don't think Superior could improve upon what is provided at the Louisville Library so Superior does NOT need our own facility.

Rock Creek South of Coalton	Yes	5 up to 10 years	Male	The Louisville and other Boulder County libraries do a great job of meeting our needs...plus they have great online resources to download ebooks and audio books. In a perfect world it would be great to have a Superior library, but given our limited finances and the number of great resources nearby I really don't think we should spend money on a new library in Superior. Let's not use our resources to build something we already have access to...let's use our resources to build something unique and distinct that we can't get anywhere else nearby.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	too far away, and Superior paying too much to Louisville

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	Less than 1 year	Female	It's great. It would be nice to have a branch near the Rock Creek neighborhood. If only a small branch, at lease there could be the ability to search for items, put holds on items, and pick them up at the near-by branch in Superior.
Rock Creek South of Coalton	Yes	Less than 1 year	Female	Not convenient, please, we need to have our own library, near our neighborhood. The new library, it is better to join the Boulder county public library system.
Rock Creek South of Coalton	Yes	Less than 1 year	Female	While the Louisville Library is lovely, it would be wonderful to have one in our own town. It's important for a child's growth.
Rock Creek South of Coalton	Yes	Less than 1 year	Male	Library is too far to walk/bike to from Superior, must be driven and is at least a 35 minute round trip
Rock Creek South of Coalton	Yes	Less than 5 years		The Lafayette Public Library is better than the Louisville one, so we use that.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	It seems like the library was built for the city of Louisville, but now two towns are feeding into it so the children's programs are extremely overcrowded. We stopped going because there would literally be no room for us to be in the story time room if we arrived a couple minutes late.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	it works out really well
Rock Creek South of Coalton	Yes	Less than 5 years	Female	It works very well. Creating a new library with trained staff is an expensive ongoing proposition. Louisville library is part of the Boulder Valley Library system, which works very well for Superior.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	It's a long drive, and it is closed on Sundays, which makes it inconvenient.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	Love it
Rock Creek South of Coalton	Yes	Less than 5 years	Male	An improvement would be to have a book pickup location in Superior. The Louisville Library shelved books are fairly limited so we often have to put the ones we want on hold and wait to be able to pick them up.
Rock Creek South of Coalton	Yes	Less than 5 years	Male	Despite the driving distance, the library is good.
Rock Creek South of Coalton	Yes	Less than 5 years	Male	love the louisville library. always a great excuse to visit louisville.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	Less than 5 years	Male	The distance from our home and family activities precludes full use of the library's offerings.
Rock Creek South of Coalton	Yes	Less than 5 years	Male	very well run, with useful offerings. Would prefer to have our own library, but this has been well handled.
Rock Creek South of Coalton	No	10 up to 20 years	Female	I think the relationship is fine. Louisville Library is quite good and if Superior added its own library service, I'd look for the two to work together and complement each other. I live in Moab, UT some of the time and the Moab library is wonderful. It has a close relationship with the small Castle Valley library. I suggest you talk to these folks to learn about what they do and how they do it.
Rock Creek South of Coalton	No	10 up to 20 years	Female	I use the Boulder library (Main)
Rock Creek South of Coalton	No	10 up to 20 years	Female	It is not a perfect solution - a reading room within the Town Center that would enable a book transfer and share without driving to the Louisville Library building might be an idea to explore.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Do not see any need for Superior to have its own Library. The partnership with Louisville serves very well. Our own library will be redundant
Rock Creek South of Coalton	No	10 up to 20 years	Male	Some how they got us over a barrel and we agreed to an exorbitant amount. It is a very nice library but I believe they get paid more that they should for the use by Superior residents. However, it is better than building, staffing and maintaining a library ourselves.
Rock Creek South of Coalton	No	10 up to 20 years	Male	The relationship should be terminated. There are more books online than in any local library, and a great many of them are free.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Those in Superior wishing to use the library should pay for the service and not burden the entire town by their elective usage. With the Internet and access to the Boulder Library (for free), the town does not need to be involved. Any residents who wish to use Louisville facilities should expect to cover the cost. If I use the Louisville Recreation Center, I pay for that, not the entire town. Why is the library different?

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	No	5 up to 10 years	Female	Use the Broomfield Library regularly.
Rock Creek South of Coalton				It's great that we can use Louisvilles library but would love a library nearer to our home and part of our community.
Rock Creek South of Coalton				Love it! Occasional use meets our needs: service, available info, books, quiet work space...
Rock Creek South of Coalton				The arrangement with Louisville completely meets our needs.
Rock Creek South of Coalton				There should be more book drops in other locations in addition to the town hall. I think Safeway would be a good location so that you could drop books off during non-business hours.
Rock Creek South of Coalton		Less than 5 years		We already have great access to the Louisville library, and, through that, have access to Boulder libraries as well. Because of that, it's not worth taxpayer dollars to build our own.
Saddlebrooke at Rock Creek	Yes	10 up to 20 years	Female	The Louisville Library is great - but it is the LOUISVILLE library. Superior is large enough to have its own library, or even a branch of the Louisville library, primarily because with so many kids/tweens/teens now in the Rock Creek area, it would be great to have a place for them to go study without distractions.
Saddlebrooke at Rock Creek	Yes	10 up to 20 years	Male	Meets needs for local library. Money better spent supporting and improving Louisville library than building, stocking, operating an inadequate & underused Superior library.
Saddlebrooke at Rock Creek	Yes	Less than 5 years	Female	Did not know about it
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I love the Louisville Public Library, but it is far away from Superior, and difficult to get to by bus.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I support this strongly as a cost-efficient way to have library access to a good small library (even if Superior needs to pay more money.) The two towns are only 4.5 miles apart so completely replicating a library in Superior seems expensive. I do think preschool early literacy activities like storytimes should be available in various locations in Superior including delivered to child care centers and home day care services. These are the kids who may not be able to be brought to Louisville for storytimes due to transportation issues.

Sagamore	Yes	10 up to 20 years	Female	I hope it continues. We use the Louisville Public Library weekly, and they can easily get books from the other libraries (Boulder, Broomfield) if they themselves don't have your specific title.
Sagamore	No	10 up to 20 years	Female	I like this arrangement and might utilize it in the future. The only reason I haven't is because I worked at the CU Library before recently retiring.
Sagamore	No	5 up to 10 years	Female	I was not aware of this relationship. I think that is fantastic. Too bad the rec center did not have the same agreement :). For me personally, having the Louisville library is fine. I do have concerns for my friends and neighbors that have kids that access to this current facility may be limited as the Towns of both Superior and Louisville continue to grow.
Sagamore	No	5 up to 10 years	Male	Library services is an essential community facility. Using the Louisville Library is an inconvenient stop-gap.
Sagamore	No	Less than 1 year	Female	I think Louisville is close enough.
Sagamore	No	Less than 5 years	Female	Parking near the Louisville Library is very difficult, especially if there is an event going on in town.
Sagamore	No	Less than 5 years	Male	The problem is that it's still 15 minutes away, and can take even longer during rush hour. It would be nice to at least have a satellite branch in Superior while keeping the relationship with Louisville. This would allow another option for Louisville residents who live on the South side of town (thus its mutually beneficial, and maybe you could get Louisville to kick-in some cash).

The Ridge	No	5 up to 10 years	Female	I love their library and staff. They have adequate materials for my needs, and it's really not very far.
The Ridge	No	5 up to 10 years	Male	To far to go
The Ridge	No	Less than 1 year	Female	If the relationship is working well for Superior then no need to incur additional expenses at this time by adding another library.
The Ridge	No	Less than 5 years	Female	would use more often if more convenient. when I have used Louisville they rarely have had what I was looking for---either not available or don't carry at all.
The Summit	Yes	10 up to 20 years	Female	Would rather have our own library (and Post Office)
The Summit	Yes	10 up to 20 years	Male	It works if you have transportation. I would like a 'neighborhood library' that we can walk to with small children
The Summit	Yes	5 up to 10 years	Female	I'm pleased with the relationship.
The Summit	Yes	Less than 5 years	Female	It is inconvenient to go to Louisville for library services and the drop box at the Superior town hall has inconvenient hours for people who work in Boulder during the day.
The Summit	Yes	Less than 5 years	Female	The Louisville Public Library is too far. Had it been closer my family would have made full use of it.
The Summit	No	10 up to 20 years	Female	I think its tremendous in lieu of having our own library. It provides us access to volumes throughout the Boulder/Broomfield library system. While I don't use it as much as I used to, I found the Louisville Library very accessible and friendly and find having the relationship very valuable. I do wish we had a way to have books delivered to Superior when you want to check them out.

Do you have any comments about Superior's existing relationship with the Louisville Library?

Neighborhood	Children	Length	Gender	
The Summit	No	10 up to 20 years	Female	I think Superior needs its own library. There was a time where Louisville was not going to let Superior residents use their library. That was changed, but that was not fair to the residents of Superior.
The Summit	No	10 up to 20 years	Female	It is great!
The Summit	No	Less than 5 years	Female	Doesn't work well - limited selection & a hassle. Might as well as trek all the way to Boulder or Lafayette public library instead at this point.
The Summit	No	Less than 5 years	Female	Would like one closer
The Summit	No	Less than 5 years	Male	Appreciate the info, will take advantage of this soon.
The Summit	No	Less than 5 years	Male	No

	Yes	Less than 5 years	Female	We use the Boulder Library
	Yes	Less than 5 years	Male	I'm in favor, but would prefer a closer library with expanded hours.
	No	Less than 5 years	Female	The drop box in Superior is not open during hours when I can drop book off so this is not helpful at all. Longer drop box hours would be ideal.

Original Town		10 up to 20 years	Female	I work in Boulder so can walk to the Boulder Public library.
Rock Creek North of Coalton	Yes	10 up to 20 years		Just a small simple facility focusing on children's/teens' books and adult
Rock Creek North of Coalton	Yes	10 up to 20 years		Reading programs for children and story time to encourage kids to read
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	benefits worth the investment
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	A library could not only provide assessable literacy to all ages of the community, but it could provide meeting/class rooms for educational activities for groups, seniors, teens, and children.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Besides the 24-hour drop box, it would be ideal to have Superior as a designated site for picking up materials on Hold. I'd even pay 50c per book for this service and, of course, the \$1 fee for materials on Hold that aren't retrieved by the deadline. (As far as the long list of library amenities in this survey, I don't think we need any of them.)
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	EXTREMELY AGAINST IT AND THINK THE COMMUNITY WILL BE IN AN UPROAR IF WE DO THIS...TOTAL WASTE OF MONEY! LET'S BE MODERN,
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Having a library in Superior would, of course, be great. But I would assume
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I am not sure that our town's library could compete with the amenities offered by the Boulder libraries. For that reason, I probably would not waste my time using them.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think it is more cost effective to continue to support Louisville.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think it would be nice to have, and would be used, but there are bigger needs right now.

Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Instead of a library, I think a technology center would be used by more people.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	It is a nice to have but not top priority. An indoor recreation center is more important. Lots of us paying lots of money to Lakeshore which we would rather pay to support our own city.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Not needed. We have many higher priority needs.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Not sure enough interest to make it worth while. Don't want to pay for it
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Only a library more substantial than Louisville would be helpful but that's not really practical. With movement toward books, don't invest the money.

Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Used books are readily available through other mediums today for a minimal cost... No need to invest so much money for brick and mortar to house them in the 21st century. It is the digital age.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Very important to our community. Emphasis on hardcover media, definitely downloadable e-books (with audio), movie rental (I wonder if residents would be willing to donate gently used CDs to share with the community). We often engage summer tutors and math tutors during the school year. I could see a great opportunity to use small study rooms in this capacity, as well as kids working on projects with a team. It would be great to be able to use google docs from these rooms, and have white boards to project from screens as kids work together. I could also see an opportunity for Spanish courses for adults and children. Or even English as a Second Language courses for all of the seniors who have moved to Superior from other countries to retire with their children/grandchildren. We could invite local experts to present community forums on home safety, internet safety, financial planning, retirement planning, college saving. It might also be interesting to participate in some initiatives like Flipping the Classroom or MOOC from a Town of Superior Library. The possibilities are endless. This would be a tremendous asset and unifying space for our town!
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Get with the 21st century - there are much more cost effective ways to provide access to information and knowledge.

Rock Creek North of Coalton	Yes	10 up to 20 years	Male	voted down twice in elections no need to bring it up again
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We love libraries and welcome new ones. But if we build one, it needs to be at least the size of Meadows Branch to be a draw.

Rock Creek North of Coalton	Yes	20 up to 30 years	Male	continue to support the Louisville library in order to maintain it at it's current level.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	If we cannot have a library, which I understand, please make it easier to return books to the Louisville library. The Town Hall is a nice idea for drop-off but I am unable to get there when it is open since I work.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	Unnecessary.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Although a library would be nice, given funding constraints, and indoor recreation facility is of higher priority.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	As long as the existing relationship with Louisville continues, I'm happy with it. If anything changes, such as it not being free for Superior residents, or no longer full library use or borrowing privileges, then I would find the need for Superior to have its own library.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Combined facility with recreation center?
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I think between Louisville and Boulder, there are a lot of library choices. I also think that a lot of library services are available online, so do not feel we need to put money into a library here in Superior.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	it does not seem to make financial sense to create our own library.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	It will be more successful if the resources are shared with Louisville and Boulder and Broomfield, much like Louisville has now.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	no
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Rather than a full, new, separate library system I hope we can continue with our existing partnership with Louisville, and instead improve Superior services through a small, satellite library with resources, pick-up, and return options.

Rock Creek North of Coalton	Yes	5 up to 10 years	Female	This state has so many great libraries. Plus every year across the U.S. small libraries are awarded honors. Some of these libraries are in towns of less than a thousand people. We should have a great library. We have so many success stories that we could copy from.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	YES -- please look at the Lone Tree library just south of Denver! they have a wonderful facility. Lone Tree has done a great job of improving community resources.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	A library is a colossal waste of money for Superior residents.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	As the population of the community rises, it would be nice to have a library in Superior. However, having access to the Public Library in Louisville fulfills our needs.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Expanding book drop options to a 24-hour plan would be great.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	It is not my highest priority for community space.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Let's build a glorious library of our own!
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	No
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Our town is too small to afford and maintain one. We have 3 libraries in the radius of 10 miles (Louisville, Boulder, Broomfield). I think that should be enough.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	The only service I'd love to see is the ability to request an item for pickup IN SUPERIOR. Right now you can return items, but you can't pick them up here. If there is going to be some kind of indoor facility I'd love to have a location where I could get books without going to the Louisville Library. Sounds like a small thing until you try to bicycle there to get your books.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	There must be space in the Town Center for a library!!!
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	We don't need a facility in Superior, but I would welcome membership in a regional library system that could provide services at the level of Boulder or Broomfield libraries.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	I think the Louisville Public Library is sufficient for our household, but it would be nice to have one closer.

Rock Creek North of Coalton	Yes	Less than 5 years	Female	In the town where I used to live, there was a free shuttle available that went to the middle and high schools, downtown, as well as all of the libraries (that town had 5). Perhaps, if Superior doesn't want to build it's own library, a shuttle service to key locations like, downtown Louisville, the mall, Monarch middle and high schools, etc could be provided to allow teens a way to get these valuable cultural commodities.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	It would be nice to have a library closer, but not something that is necessary since we have the Louisville library and most research is conducted on-line these days.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Superior kids deserve good education and a decent library!
Rock Creek North of Coalton	Yes	Less than 5 years	Female	With the Digital world most material is checked online and there is probably no need for another building if Louisville's Library continues to support our needs.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Would be great!
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Would definitely want to be able to utilize interlibrary loan service with other Boulder County libraries.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Having larger meeting spaces could be multi-purposed such that you could do most things done at a 21st century library. Larger indoor rooms w/perhaps a WI-FI and collaboration rooms would be more beneficial than an actual library. Books in print can be obtained very cheaply as well as quickly online. This doesn't even take into account eBooks and emerging technologies related to print. If a library was added, how could you plan for the decades to come without knowing the advancements in technologies? Better to have multi-purposed indoor facilities that could be made to work for whatever the future brings.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	In case you don't know, Maker spaces are project rooms with shared tools (not just hand tools--things like 3-D printers). Libraries are a great place to put them, especially for kids doing school projects.

Rock Creek North of Coalton	Yes	Less than 5 years	Male	Louisville works great. We would certainly use one in Superior, and could be needed with addition of more households. If that happens, then I would like to see a place geared towards sharing and teaching with other activities along with books - events for kids, town, etc...
Rock Creek North of Coalton	Yes	Less than 5 years	Male	NO
Rock Creek North of Coalton	Yes	Less than 5 years	Male	This is not a good use of our funds. Louisville has an excellent library, and replicating it in Superior would be very expensive with little increased benefit for residents.
Rock Creek North of Coalton	No	10 up to 20 years	Female	Having a library within walking/biking distance would be extremely valuable to children as well as adults of all ages. I would borrow from the library much more often and purchase books for e-reader much less often.
Rock Creek North of Coalton	No	10 up to 20 years	Female	It would be great to have something nearby where you can walk or bike to (Louisville is too far and not convenient). It could be a great community center/gathering place

Rock Creek North of Coalton	No	10 up to 20 years	Female	We do NOT need them.
Rock Creek North of Coalton	No	10 up to 20 years	Male	I would be wasteful to have a small library, just in order to have one.
Rock Creek North of Coalton	No	10 up to 20 years	Male	I would like a Superior library better than Louisville's, and closer to Boulder's main library in terms of usefulness and comprehensiveness.
Rock Creek North of Coalton	No	10 up to 20 years	Male	Perhaps a small satellite facility in Superior would be nice - where one could order/drop off books, maybe a children's reading area, some digital resource access.

Rock Creek North of Coalton	No	20 up to 30 years	Female	Cancel contract with Louisville library. People can read anything they want on line. I'll bet only a small % of residents go there.
Rock Creek North of Coalton	No	20 up to 30 years	Female	Community programs add a lot of value to living in this neighborhood and helps build our community and get to know our neighbors, something we can't get from the Louisville Library.
Rock Creek North of Coalton	No	20 up to 30 years	Female	I believe it is imperative that the growing community of Superior provide at least basic library facilities since a library is a given, very necessary community resource.
Rock Creek North of Coalton	No	20 up to 30 years	Male	As an original resident of Rock Creek, I have seen this library issue turned down repeatedly before by residents here. The relationship with the Louisville library has been more than sufficient to meet this community's needs. We do not need a library in Superior.
Rock Creek North of Coalton	No	20 up to 30 years	Male	Tough to say yes or no on this one. I think rec center higher priority
Rock Creek North of Coalton	No	5 up to 10 years	Female	It would be great to continue the relationship we have with Louisville, but to add a physical space where Superior residents can enjoy some of those same amenities. I'd like to be able to walk my kids to the library, or for kids to have a place to go after school.
Rock Creek North of Coalton	No	5 up to 10 years	Female	Libraries are a great community resource.
Rock Creek North of Coalton	No	Less than 5 years	Female	1) I am not sure how much Superior's financial relationship to Louisville's Library amounts too but I think there could be a better use of the money, as long as we can have a library card to use at other facilities. 2) Or if it is a minimal cost than perhaps the current arrangement is fine. or 3) Perhaps a small facility in Superior combined with study rooms and other support services for all ages could work.
Rock Creek North of Coalton	No	Less than 5 years	Female	I saw the micro-library on a street corner in Original Town. I think this is a great experiment, and I wonder if it is popular with the local residents.

Rock Creek North of Coalton	No	Less than 5 years	Male	Very excited
Rock Creek North of Coalton				I think having a senior program and wifi access would be beneficial as well.
Rock Creek North of Coalton				There is no need for library/information services. The answers in Question 22 are slanted toward affirming that some type of library relationship or service is required in Superior.
Rock Creek North of Coalton		10 up to 20 years	Female	NOT NECESSARY. Availability all on computers, school libraries for children, and Kindles - endless options for research, recreational reading, children's school projects and education reading.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I had initially placed 'library' on my 'top 3' list, but then upon considering all of the other options you are suggesting as possibilities, and also realizing about how expensive it would probably be to build, stock, staff, and maintain a library in Superior, it made me realize that we are probably better off just continuing to utilize Louisville's existing library and instead put Superior's resources towards something more useful to our town that we DON'T already have available to us! After you analyze the data from this survey, it might be good if you design a follow-up survey to help people to realize the relative costs associated with these 'pie-in-the-sky' dreams. All of these amenities sound wonderful, of course, but people might answer differently once they realize the financial tradeoffs. For example, maybe the town would have enough money for several smaller (less costly) options vs. only being able to fund one hugely expensive option...
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I think it's great when we can try to meet the needs of all ages... that's what a community is!
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	it would be nice to have a library, but an indoor rec facility would be a priority for my family before a library as we use the Lsvl Lib.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Library would be great for Superior, especially for our teens during winter months.

Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Pay attention to what I said above.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	The categories above are ridiculous. Libraries should have materials for all ages and are necessary for equal access to resources. Why would one need to rate adult needs over kids (and vice versa)? These should be community spaces for all!
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	The current relationship is well matched for residents of Louisville and Superior.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	The teen room in Louisville is rarely used compared to the population of teens that could access it. A large meeting room that held activities for teens would be more than sufficient.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	If it could work with the Flatirons Library Consortium so we could pick up book holds in superior and return in Superior without having to drive to Louisville, Boulder or Broomfield to pick up books
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	In terms of entire population, I question how many will use a library when compared to other facilities such as recreation...In short, i perceive the population of library users is small compared to other amenities considering the costs involved. Louisville is certainly close and I do not see the need to replicate. I use Boulder most often
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	No more physical library, but think about a digital one. see comment in #23.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Pick up facility in Superior as well as the current drop off box. This would save time and gas for people going to pick items up at the Louisville library.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	so many libraries in the area and accessible to us, build a library here is a waste, it does not make superior special by adding a lib, but augmenting ice rink will make superior a unique and special town.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	The whole world is going digital. No sense to build a library then costs \$\$\$\$\$\$ to run it.

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	Aren't hard back library books becoming a thing of the past with the internet??
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I think it would be fine to keep the relationship with Louisville and just have an extension of the library here, maybe in an existing building near Safeway.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	If you continue your 'relationship' with Louisville, it would be nice if their children's section had better availability of titles. They are missing some standards--even the librarian was surprised.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	It would be so nice if there was a drive thru drop off place for returning library books to the Louisville Library in Superior. I do not use the drop off place at the Superior Town Hall because I have to get out of the car with my 3 children under age 4 and this is tough. We use the drive thru behind the Louisville Library all the time but with the increase in activities in Louisville, often the alley where the drop off is located is blocked by delivery trucks so we cant get to it.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	No
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Don't Need It!!! The trend is towards digital media anyway!!

Rock Creek South of Coalton	Yes	Less than 1 year		We're new to Superior. In all our previous towns, the library was the 'heart' of the city - it offered something for everyone and brought the community together. Superior is sorely lacking a centerpoint - I feel like Superior is nothing more than a massive housing development.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	Any move in the direction to having some sort of library in Superior would be great. We used to bike into Louisville to go to the library but with Coal Creek Trail down for so long we haven't been in forever. It would be great if it was more convenient for us!
Rock Creek South of Coalton	Yes	Less than 5 years	Female	no but I would think you would at least be able to do the above for a minimal cost.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	Please bring early literacy options to Superior's kids!
Rock Creek South of Coalton	Yes	Less than 5 years	Female	The budget for staff and ongoing facilities would completely duplicate what is already in existence. I strongly feel that is not a priority for Superior Town Center at this time.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	unnecessary - Louisville is a great library.
Rock Creek South of Coalton	Yes	Less than 5 years	Male	an e-library located with study rooms within a rec center would be a nice to have
Rock Creek South of Coalton	Yes	Less than 5 years	Male	Would be great to have smaller library which is state of the art, latest digital technology, maximum children's facility/programs
Rock Creek South of Coalton	No	10 up to 20 years	Female	It seems redundant to me - our community is small and has access
Rock Creek South of Coalton	No	10 up to 20 years	Female	Possible mini library/media center located within another facility ?
Rock Creek South of Coalton	No	10 up to 20 years	Female	Possibly desirable, but my first priority would be to ensure easy transport to Louisville to continue enjoying that library.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Building and staffing a library would be a significant initial and ongoing expense that would provide little in the way of tangible benefits to the community.
Rock Creek South of Coalton	No	10 up to 20 years	Male	no

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any further comments about potential library facilities in Superior?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	No	10 up to 20 years	Male	The town should exit the library relationship and pass the cost back to those wishing to use those services. 'Pay for use' should be adopted across the town. All taxpayers should not be expected to pay for the desires of certain citizens or demographic section of citizens. For example, most of my neighbors don't use the pools (singles, married without children, etc), but as it exists today we are effectively paying for something we simply don't use.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Yes, forget it! We are just a small town. If built, it would become a white elephant. There are many other issues that we can intelligently invest in, for community improvement. Louisville's library, and the cost there of, is enough.
Rock Creek South of Coalton	No	5 up to 10 years	Female	The libraries appear to already be struggling financially. It just does not make sense to me to build and fund a smaller version of the Louisville library. I do not believe that Superior could fund it's own library for less than what we currently pay to access the Louisville facility.
Rock Creek South of Coalton	No	Less than 5 years	Male	A library would be fantastic... if done correctly with a good mix of services it could become a nice community hub. WiFi and coffee are very important in today's world, so without these, any new library could suffer. WiFi + coffee = success.
Rock Creek South of Coalton				Given the move to digital I think it would be foolish for Superior to build it's own library.
Rock Creek South of Coalton				I'd prefer that we not pursue this at this time. Our chances of doing something *better* than the Louisville library are going to be slim, in my opinion.
Rock Creek South of Coalton				If there was a library in Superior it would be nice to be part of the existing Louisville/Boulder/Broomfield consortium
Saddlebrooke at Rock Creek	No	10 up to 20 years	Male	While I would like our own library, I think it is more efficient and cost effective to share facilities with Louisville.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	A library in Superior would be awesome!!!!!!!!!!!!

Do you have any further comments about potential library facilities in Superior?

Neighborhood	Children	Length	Gender	
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	Look to Louisville PL to be the onsite library for Superior and the hub out of which outreach or extension services should be delivered. I am specifically referring to the delivery of early literacy activities for preschoolers but given successful implementation of preschool storytimes then other outreach services could be considered.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	None
Sagamore	Yes	10 up to 20 years	Female	I don't think we need a library in Superior. Louisville and its networking with other libraries is more than enough.
Sagamore	No	Less than 5 years	Female	Hoopla service for digital media
Sagamore	No	Less than 5 years	Male	You want to be able to differentiate yourself from the Louisville library. One important thing is to give people in Superior the ability to go somewhere to study/work/read/research/etc. Further, focusing on digital (ebooks, research databases, etc.) will help control costs and allow for maximum use without dedicating a large amount of land or maintaining a huge building.
The Horizons	Yes	Less than 1 year	Female	While a library closer than Louisville would be nice, I don't feel it's necessary. I would prefer an indoor rec center before a library.
The Horizons	Yes	Less than 5 years	Male	No.
The Horizons	No	Less than 5 years	Female	internet should be a given, but I had to put it in the list. So there are 4 listed above
The Horizons	No	Less than 5 years	Female	Save the money for other uses.
The Horizons	No	Less than 5 years	Male	I read and research online, so I don't use the library. Meeting rooms are okay.
The Horizons	No	Less than 5 years	Male	Is there a shuttle service for kids and seniors to and from?
The Ridge	No	5 up to 10 years	Female	Although it would be convenient, I'm sure it would come at a great expense.
The Ridge	No	Less than 1 year	Female	If a library is added it should be focused on a different layout than present libraries. Perhaps a high tech one that does not have actual books but the latest in accessing information. A technology library would be my choice if we had to have a library.
The Ridge	No	Less than 5 years	Female	compete with Boulder - not Louisville

Do you have any further comments about potential library facilities in Superior?

Neighborhood	Children	Length	Gender	
The Summit	Yes	10 up to 20 years	Female	It would be a great addition to make the town feel like a real community.
The Summit	Yes	5 up to 10 years	Female	It would be great to have if we can afford it.
The Summit	Yes	Less than 5 years	Female	For now the library in Louisville is fine, but it is slightly annoying to drive all the way out there once a week with my kids. It would be nicer to have a library in Superior, but obviously that is subject to financial constraints.
The Summit	No	10 up to 20 years	Female	I do NOT think we should spend resources building a library. However, it would be nice to have small facility available to obtain books/media you would like to check out. Regular visits by a bookmobile might work...or a small desk/resource room within a larger facility. It would be nice to have some sort of library facility where older residents and children could interact -- maybe a reading room where seniors could read to small children?
The Summit	No	Less than 5 years	Female	Would love to have a library in Superior. Have thought this for years!
The Summit	No	Less than 5 years	Male	Assuming Louisville has cross lending access to Boulder County libraries, then Louisville access is probably sufficient. If not, question 24 would be changed to yes, with access to the Boulder County titles.
The Summit	No	Less than 5 years	Male	Louisville library is adequate for our needs. Although it would be nice for Superior to have its own library, from a cost standpoint, it might not make sense.
	No	Less than 5 years	Female	Longer drop box hours- weekends too.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	Less than 5 years	Female	There is no facilities (indoor or outdoor) for my 3 year old daughter to use in my neibourhood.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	There is not a great rec center around here. The Louisville has a small pool that is good for 0-2 year olds, but after that basically the kids are put in the deep pool. To go to an indoor pool we travel to Lafayette or Broomfield.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	There is nowhere to go inside for young children closer than the mall. If it's really cold out or snowy, I have to get in my car and drive at least 15 minutes. Closest indoor playground is the mall, next closest is McDonalds in Louisville. Would be great to have an indoor facility in which to hold playgroups.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Having 2 kids under the age of 6, it is hard to find energy outlets indoors during the colder months. Sadly, the Flatirons mall is one of the top ones and is very overcrowded, small, etc.

Dissatisfaction with Indoor Facilities in or near Superior for Teens

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years		Lafayette: long drive, great pool, okay daycare center if you can get your kids into it because it's often full
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	For teens who don't drive there is vitally nothing in easy reach. Lakeshore is too expensive.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	No current teen activities except the mall
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	No place for teens to walk to to hang out and keep active
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Not enough available activities due to limited space.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Nothing for them to do here.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Nothing organized for teens to do. Lots of things through the Y, and other rec centers for younger kids.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Privite is too expensive. Louisville rec doesn't offer much.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Rock Creek teens don't have a place to go other than 1) Safeway or 2) Elementary school playgrounds. For excitement they seem to be enamored with smashing glass bottles on the paths behind Safeway.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Seniors: Completely left out / off the list. You rarely see seniors exercising except for the few who walk. I think the seniors of our community are very isolated and lonely. They come from many many cultures and do not have a place to get together to build community.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Teens now hang out at the Safeway, Lakeshore or their HS. They need game rooms and indoor places to meet
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	There really is no where for the teens to go, and not much offered for them
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Expensive to use Lakeshore. What city benefits from taxes & jobs - Broomfield?! Seems that Superior leadership is content for Superior residents to go to other communities for amenities rather than drawing non-residents & Superior residents to support Superior!
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Lakeshore is local but doesn't have programs/accommodations for pre-teens

Rock Creek North of Coalton	Yes	10 up to 20 years	Male	nothing public available, private facilities too expensive for a family or too far away
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Renting school space is cumbersome, for example the Boy Scouts and Cub Scout. When school is not in session, they use the Fire Station or meet in Purple Park.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Rock Creek is geared towards young kids. Teens have to spend time at homes or Safeway
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	There are no amenities for teens
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	There are no indoor facilities for teens in town keeping them safer.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	Teens do not have an indoor place to 'hang out'
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	There is not enough for teens to do in Superior. Lakeshore is expensive and most kids don't like to ice skate. They end up hanging out at Safeway which is really sad...
Rock Creek North of Coalton	Yes	5 up to 10 years		Indoor programs for kids in our area are extremely limited. Indoor teen basketball, ping pong...?
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Looking for inexpensive, high quality indoor competition pool facilities and don't like Louisville Rec or Lakeshore options
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Louisville rec center is always very busy and gym is always taken by young adults paying basketball. No transportation provided to rec center.

Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Special Needs: Quite frankly, now that you mention it, I have only seen one person of special needs using any facility - the North Pool. I don't know what our population is in this demographic, but I fear they are drastically under served.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Lakeshore is expensive & benefits Broomfield. Superior needs to bring in outside revenue & amenities to draw others! Paying for the Louisville Library is inappropriate use of Superior residents taxes.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	No community area to congregate and get to know your neighbors.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	nothing public available, private facilities too expensive for a family or too far away
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Same as C, except the schools are not an option for just planning a 1 time space rental
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	There are no reasonably priced indoor aquatic and work out facilities for adults in town.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We need indoor amenities for adults and golf privileges.

Neighborhood	Children	Length	Gender	
Original Town	No	10 up to 20 years		Can we, for once in a very long while, think about the adults who are paying all the bills & taxes, and stop worrying about the children. There seems to be plenty of available playgrounds & space for the children as well as after-school activities that they can use indoors. Consider the ADULTS for a change!
Rock Creek North of Coalton	Yes	10 up to 20 years		Library with meeting areas should meet some of these needs. Even with public facilities it would be okay to charge a fee for particular services like babysitting.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Building a successful space for Teens is more complicated than any other age group. I would recommend talking to rec centers in other parts of Colorado to find out what activities draw teens. It may be the same activities that draw adults, I don't know. They may want their own space or just designated teen-only usage of the regular space. There is much knowledge to learn from conferring with 10-20 other rec centers before building any facility for Superior. (If you agree this information would be valuable and need someone to do the research at a reasonable rate, let me know, I'm a user experience researcher. 3/554-8776 Jill)
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I am interested in indoor gym, tennis center for kids and adults
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think kids are the most important age groups to support in this area, but they seem really well supported at this time.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I would like to see a place for teens. They have no place to go only the mall and Safeway. They need a place to go: to read, to play, to work out, to have classes and meetings.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Tennis facilities would be fantastic. It would also be extremely helpful to have a SAFE bike path for MOHI students to bike to Monarch. The bridge there is often littered with glass. It would also be great to have an underground route for Eldorado K8 students to cross under Coalton Road on their way from North of Coalton Road to the school, instead of having to cross this busy road on their way to and from school. I would also like to see bussing for Eldorado K8 students North of Coalton Road to get to the school. The lack of busses causes a lot of congestion (and likely pollution).
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	no
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Relying on private companies to provide this kind of service really leaves many families with no access whatsoever leading to no winter recreational pursuits leading to obesity and other health problems. While generally speaking, the private sector does things better/cheaper, this is one area that I support getting the town government involved.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Skateparks for teens
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	You are probably tired of hearing this...but a good skatepark. The skate features by the South pool are too limited and allow too few participants at any one time.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	Competitive swim facility
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	This is Boulder County. There are tons of existing facilities in the area. I get the impression that people want facilities that are subsidized by the community rather than paying for a privately owned facility.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I don't understand what type of facilities you are asking about
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	i think it would be nice to have senior facilities, but i don;t think we have a lot of seniors living in the community - perhaps a partnership with louisville? same comment for special needs residents, i don't think there is a large population to serve.

Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I think the public sector is responsible to make sure all citizens within their jurisdiction have access to services. I think you can prioritize different age groups/populations based upon their ability to access services in other places/facilities, but need to provide support to more under-served populations. Because Superior is a small community with a limited budget, I'm sure that imagination and creativity will be needed to achieve this. Partnering with other places/agencies is a great option!
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	It would be nice to have an indoor rec center that was reasonably priced. We drive to the Paul Derda rec center or Apex for swimming. Rock Creek North of Coalton	Yes	Less than 1 year	Female	Superior needs an indoor pool with laps, indoor play pool/water park for kids, and an indoor playground. Something like APEX in Arvada would be great!
Rock Creek North of Coalton	Yes	Less than 1 year	Male	I think that kids would use the facilities more if they could just walk in with a membership card, like the pools. And that would be a good thing.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	A hang out facility for older children and teens
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Lakeshore is very expensive Louisville Rec's weight rooms are uninviting and crowded, plus the drive is a drag Lafayette YMCA is too far away
Rock Creek North of Coalton	Yes	Less than 5 years	Female	This area is very much made up young families, who will continue to grow, and it's important to help support these families with amenities and activities.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	we need a place to host enrichment activities for all ages. We are in desperate need of an indoor recreational facility (residents should have a priority for lower prices and openings)
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Energy Outlets for the indoor facilities would be great for the young kids all the way to the adults. Even hang-out indoor spots would get kids in a social setting outside of the home. This is mostly geared towards indoor facilities.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	existing facilities are fine. No need to drive up taxes with non-essential crap.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	More kids activities like summer camps
Rock Creek North of Coalton	Yes	Less than 5 years	Male	This community is mainly made up of young families. Senior facilities seem out of place in a bedroom community such as this. Rock Creek North of Coalton	No	10 up to 20 years	Male	I believe beyond a meeting facility where clubs can also met, facilities are readily available or else the private sector would be clamoring to get involved for the profit. Rock Creek North of Coalton	No	10 up to 20 years	Male	We need to balance the number of new homes keeping in mind that as we increase the number of residents, the more services we will require. Need to have commercial space (office as well as retail space) to help pay for the services.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	No	Less than 5 years	Female	As we, and the community, is growing older there do not appear to be much in the way of support for the seniors. A community focused facility would be more comfortable to use rather than commercial facilities, both in staying local and to perhaps keep the cost down. I don't know if there are enough older adults at this time to support a facility for seniors but there probably will be in the future. I joint use facility with other age groups or a rec center would also make it feel like it was part of the community and not so focused toward the seniors and offer the opportunity for bringing young and old together. I haven't been there but check out the floor plans for Waukegan WI village center. http://www.waukegan.com/index.aspx?nid=187 and http://www.waukegan.com/DocumentCenter/Home/View/468 . A concept similar to this with small library facility added would address much of what Superior may need.

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	THough it would be nice to have a Children's Museum or Indoor Play facility, a private offering would be better and we would pay for membership.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	I think this is one of our biggest needs as a town...we just don't have good, affordable indoor facilities nearby. Lakeshore Athletic club is expensive and exclusive, the Louisville rec center is small and a bit out dated, and Boulder Valley Ice is too small and ice time is difficult. Plus we don't have good meeting space for various community and civic groups. We need quality indoor facilities that are accessible and affordable. Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	Less than 1 year		Public facilities are what create community. Other than outdoor activities at the parks during the summer, Superior has a dire need to keep locals engaged here. As a new resident, I constantly hear about activities/restaurants/recreations in Louisville - is Superior simply a suburb of Louisville and the other surrounding communities?
Rock Creek South of Coalton	Yes	Less than 5 years	Female	adults are more willing to drive but teens don't always have the availability to drive so they need something within walking or biking distance
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I would like to see classes/camps available for the 7-12 crowd. Teens definitely need a place to hang out and release some energy that isn't Safeway. Lakshore Athletic Club is too expensive for families to join and use regularly.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I'd love to see programs like 'Expand' for special needs involved in Superior.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	If Superior were a town being built from the bottom up, these expenditures would be appropriate. As that is not the case and there are multiple private and public businesses that address all these issues, I strongly believe there is NO NEED for PUBLIC investments in these facilities and PUBLIC underwriting.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	We are mainly a community of adults and children, so I would like to see their needs addressed, first.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	We are members of Paul Derda Rec Center (wish Superior had something similar) and love it, aside from the drive to get there. It has indoor facilities and programs for every age and ability level, which Superior is lacking.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	We belong to Lakeshore but it is expensive. We stopped going to Louisville Rec Center after a major issue with their childcare, and their facilities and programs being sub-par.

Rock Creek South of Coalton	Yes	Less than 5 years	Male	Kind of a vague subject ... public or private in or near Superior. Kind of includes everything, doesn't it? There are great (and expensive) private facilities nearby (I'm thinking of Lakeshore specifically), but it would be nice if there were more affordable options even closer.
Rock Creek South of Coalton	No	10 up to 20 years	Female	I have not used the current opportunities available but do expect that my future time will allow more exploring within our community to do so. I find all of the above to be important to a healthy community.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Our town is not large. We should look for opportunities to partner with other towns to provide these services. That said, those wishing to have certain amenities need to look at the cost of building, maintaining, and operating them. I'm not against having any or all of them, but those who use them should pay for the entire cost of their operations, not pass the cost off to all residents, many of whom will NEVER use them.
Rock Creek South of Coalton	No	10 up to 20 years	Male	The cost of private facilities is too much
Rock Creek South of Coalton				I think it would be beneficial to have an indoor space that caters to a wide range of pple, but focusing on families.

Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I have no idea what the financial costs would be to build in Superior. It would be nice to have facilities here, but I would be happy to partner with Louisville only if this would be the best financial decision for Superior.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I honestly feel we are paying too much in partnering with Louisville for use of a Library that is not even in our community. I would only support partnering with Louisville if it were in a location supporting both communities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I love the Louisville rec center & think it is more cost effective to continue to support it rather than build our own facilities. I would rather see money go to building more bikewalk trails.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I really don't think we need to duplicate a gym, as there are many private options for that, and the Louisville rec center has this to offer. If we are going to partner, we should try not to duplicate the offerings, but supplement them with something not currently offered
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think it would be great to build these facilities in Superior. It seems like everything is built in Louisville, and as such, their community seems much more vibrant than ours. We have to go there for nearly everything. Do you have any comments about a recreational facility agreement with the City of Louisville?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think we should have a partnership and add limited facilities in Superior. We don't want to mortgage the town for the sake of the facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I think we should not commit the town and its residents to supporting any indoor facilities projects until we see whether the new development on the north end of town is going to be a reliable source of tax revenue. Since indoor facilities will always be a drain on the town's budget, I think it's better to leverage our close relationship with Louisville and simply pay to use their facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I would definitely use one if it was available here. Resident rates at the Louisville Rec center would be great.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	I'd prefer to have facilities that are in Superior that Louisville residents could pay to use, just like we can pay to use Louisville facilities. I OPPOSE A TOWN-WIDE TAX (like we did for the Library usage) it should be per-person or per-household.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Its about Location, we need something our teens and kids can walk/bike to safely. Louisville would take up our space with their numerous events and probably book everything
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Let's make Superior a destination for members of other communities - it's time for us to build facilities and bring in people from other towns.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Louisville has supported Superior residents for years; we should reciprocate.
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	Louisville residents resent having Superior residents using their space already. We are like the poor relations that need assistance.

Do you have any comments about a recreational facility agreement with the City of Louisville?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Female	We would support partnership with their library as not cost effective for our own. However, I would support our own indoor gym, pool, saunas, steambaths, exercise classes, etc and believe many residents would use it instead of Lakeshore if we had enough amenities and activities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Ask for a refund from surveygizmo. The website doesn't check for negative numbers when allocating the \$100 in subsequent questions.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	I would only support a fair agreement. I don't think we have a fair agreement with the library and so I don't have a lot of confidence there would be a fair one for use of facilities.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	If we partnered with Louisville Rec, all the community space would be for 25 people or less to have group meetings.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Meeting space is always in high demand. Let's expand the capacity so there's space in both communities. What's Louisville's experience on space usage?
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Partnership with Louisville for indoor recreational facilities for adults is reasonable as long as Superior residents are considered residents for the purposes of the facilities. For young children, seniors, and people with special needs the distance is quite inconvenient.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Superior residents can and do already use the Louisville rec center, therefore there is no need for a partnership. Furthermore, people who don't use Louisville Rec belong to Lakeshore. Superior residents have generous, easy access to indoor rec facilities so there is no unmet need to address,
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	the major expense of a rec enter is the ongoing maintenance and staffing. Better to leverage already existing facilities than dedicate funds to a facility that that would require an ooutsized investment for its usage. Also Lakeshore is nearby and boasts great facilities and classes

Do you have any comments about a recreational facility agreement with the City of Louisville?

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	We need to have facilities that children can get to by themselves without their parents having to shepherd them everywhere by car. This would lead to healthier children, community and environment. Think how much gas is consumed taking our children to other communities for something that should be right here in the town. Louisville is still too far away for a typical kid to get to by themselves.
Rock Creek North of Coalton	Yes	10 up to 20 years	Male	Why in the world would that be necessary? No reason.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	I would like to see a facility built in Superior in collaboration with Louisville and possibly even BVSD.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	I would support both yes answers.
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	Louisville's pool facility is too small and not set up for competition
Rock Creek North of Coalton	Yes	20 up to 30 years	Female	We need a large competitive pool. We would be able to host many races, have water polo, synchronized swim, Summer swim league, and High School training. All of these could bring revenue to the Town eliminating the need for increased taxes.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	see previous comment
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	Superior is too small to take on this responsibility alone. Combine with Louisville makes the most sense.
Rock Creek North of Coalton	Yes	20 up to 30 years	Male	We do not need our own recreation center. Please stop asking this question every few years until you get the answer you want.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I do not like the way Louisville seems to retain majority control and interest in our joint facilities (like the library) and worry that a Louisville-only option for joint rec facilities would mean more of the same in which Superior residents' needs are the afterthought rather than equal priority.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	i think an agreement with louisville would benefit both towns. but i think it is very important that Superior have it's own indoor rec facility

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I think partnerships are great! I think that it would not be necessary to create duplicate services (ex. we would not need to build another indoor pool), but it would be great to evaluate both Superior's and Louisville's facilities and services and then try to 'fill in the gaps' of things that are missing. This would also allow you to see if anything was being used above capacity where it would be helpful to add additional places for those services/amenities.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	I would worry that if there were a recipricol agreement before anything was built, we may be cut short in Superior. I'd be worried that the powers that be may choose not to provide adequate facilities in Superior because they could say we can just go to Louisville. No! I don't want to have to go there.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	If Superior built a modern rec center, it would appeal to both Superior and Louisville residents. The current Louisville rec center is small, old, outdated, and packed with people. Superior could draw revenue by offering a state of the art facility that offered a variety of programs for all ages. Additionally, Louisville rec center could maintain a strong senior services center and Superior could offer facilities geared toward families and adults. If Superior made it competitive with Lakeshore, it would be a huge source of revenue for the town.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Please, don't do different rates. We pay so much more already to use indoor facilities.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	Since I had such a bad experience with the Lousiville library I can for see something like that happening again.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	The weather is often bad here. We need indoor facilities.
Rock Creek North of Coalton	Yes	5 up to 10 years	Female	This answer does not mean Superior does not need them; Superior NEEDS indoor rec facilities, having the partnership would open options.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Great idea, but we still need indoor pools, basketball courts, etc.!

Rock Creek North of Coalton	Yes	5 up to 10 years	Male	I believe the charges would be too high and the use would be too little. I would rather see these services built in Superior
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Partnership with Louisville is fine, but new facilities are needed and they should not all be in Louisville.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Since we can access the Louisville Rec now by paying entry, an added partnership doesn't improve the situation IMO. Facilities that my kids in Superior could get to on their own would be an improvement worth funding.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	Superior should support a facility off 88th street adjacent to Avista Hospital
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	The Rec Center in Louisville is nice, but I would rather have a smaller facility that is more convenient. One of the biggest challenges with working out is the time it consumes, and an extra 20 minutes of driving makes a big difference.
Rock Creek North of Coalton	Yes	5 up to 10 years	Male	We need our own indoor recreation facilities, and our own library!!! We need to stop depending on Louisville for our own town needs.
Rock Creek North of Coalton	Yes	Less than 1 year	Female	As a Superior Resident I have not received any type of partnership with Louisville rec center. We pay non-resident prices. Superior should have it's own rec center, and if Louisville residence want to use it, then they can pay the non-resident prices to help us pay for our own Superior Facilities. Just like we have been subsidizing them for years!
Rock Creek North of Coalton	Yes	Less than 1 year	Male	Assist in fixing up the Louisville rec center and allow superior residents to use
Rock Creek North of Coalton	Yes	Less than 1 year	Male	I think that reciprocity with Louisville would go a long way, but there are facilities that we should have nearby that Louisville does not already have, such as an indoor turf field.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	Louisville is another town, which is 15 min away. They have everything, library, hospital, public rec center, post office and night school. We should wean ourselves from Louisville and build a greater future for ourselves

Rock Creek North of Coalton	Yes	Less than 5 years	Female	Partner with the Louisville Rec Center so that Superior residents receive resident rates.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	The Louisville Rec is pretty nice and not very far away. It would be nice to have resident level access to Louisville Rec, but I don't know if I would support allowing access to Louisville for the outdoor rec activities in Superior as they can get pretty crowded already and Louisville is much larger a community.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	There is a lot of crossover between these two cities, especially for the teen population given that most teens from both communities attend Monarch High School. Reciprocal benefits would be great. I know my playgroup, run through ModMoms, has a lot of Louisville people as well as Superior. Days when we meet at the Superior Pool can be a little awkward for Louisville residents. Would be nice to close that divide.
Rock Creek North of Coalton	Yes	Less than 5 years	Female	With such a large population of active children and adults, it would be valuable to have a facility close enough for children/adults to ride a bike or walk to. Keep kids busy and out of trouble. I'd rather pay the non-resident fee at Louisville Rec Center and see a facility built here in Superior than to have a reciprocal agreement.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Better to work with your neighbors.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Current Louisville facility seems small and outdated when compared to surrounding communities.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I haven't used many of the Louisville facilities, but the drive / bike over to Louisville is not all that bad. If the existing facilities in Louisville are better than the facilities being contemplated for Superior alone, recommend shared use over construction.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I often sign up for a membership to the Louisville Recreation Center because of the location vs. value trade-off. I wish there was something like this closer provided by Superior, but it is doable. Have more indoor facilities for kids-adults that could be used for anything would be key. I would be wary of making too many dedicated facilities when you could have just re-purposed a large open indoor space for all sorts of activities.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	I think a facility needs to be located in Superior.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	If we are going to spend Superior's money to enhance our community, then we should keep the facilities exclusive to the residence of Superior. I enjoy the small town feel and would like to keep it private and exclusive. This is a big selling point to everyone's home values as well.
Rock Creek North of Coalton	Yes	Less than 5 years	Male	Indoor facility is very important for superior
Rock Creek North of Coalton	No	10 up to 20 years	Female	depends on what it is...
Rock Creek North of Coalton	No	10 up to 20 years	Female	Having facilities within walking/biking distance is very important for children and youth. As a middle-aged adult, I would also be much more likely to use facilities that are in Superior rather than driving to Louisville.

Rock Creek North of Coalton	No	10 up to 20 years	Male	I like Louisville's rec center, and would use it more often if I got a resident rate. It is no hardship to travel 5 minutes to Louisville for this amenity.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	No	10 up to 20 years	Male	Problem, we have nothing Louisville needs so we either pay for each use fee or pay a yearly fixed amount as a town. If there is something new needed by both, Superior should try to be competitive in getting private enterprise to fund and run the facility for profit.
Rock Creek North of Coalton	No	10 up to 20 years	Male	Public meeting space would need to be conveniently located within Superior to make sense, and best would be within Rock Creek area where the single-family residents have nothing.
Rock Creek North of Coalton	No	20 up to 30 years	Female	Depends on the partnership and the costs for having our own facilities. Would still like to see our own 'rec center'
Rock Creek North of Coalton	No	20 up to 30 years	Female	No
Rock Creek North of Coalton	No	20 up to 30 years	Female	Would they have access to our outdoor pools? Not a good idea.
Rock Creek North of Coalton	No	5 up to 10 years	Female	Maybe....
Rock Creek North of Coalton	No	5 up to 10 years	Female	More options would be favorable - but we need some options on this side of the highway.
Rock Creek North of Coalton	No	Less than 5 years	Female	It would be great to partner with Louisville and still have some of our own options as well. It's a great way to build community, rather than always feeling like we're just a small part of Louisville. Superior is truly its own town!
Rock Creek North of Coalton	No	Less than 5 years	Female	Just as I don't want to drive to Louisville for the library I similarly would not want to drive 10 miles to use the facilities I am interested in. The only way I can see this working is if the facilities for both communities were to be focused near Hwy 36 and 88th Street
Rock Creek North of Coalton	No	Less than 5 years	Female	The incremental cost for Superior residents to join Louisville's Rec Center is small now. Isn't all the new residential development in town meant to support stand alone facilities for Superior.
Rock Creek North of Coalton	No	Less than 5 years	Female	The Louisville Recreation Center meets all of my needs - swimming pool, weight room, gymnasium, jogging track, yoga classes - except that it does not have an inexpensive meeting room for 6-8 people.

Neighborhood	Children	Length	Gender	
Rock Creek North of Coalton	No	Less than 5 years	Male	How does this stay fair? Also, Louisville traffic is getting pretty bad - and it's difficult to access Louisville by bike from Superior
Rock Creek North of Coalton				Facilities must be within walking distance and not overly crowded, so residents can always visit and not be overcrowded by non-residents.
Rock Creek North of Coalton				I don't support any indoor facility additions or improvements by Louisville or Superior.
Rock Creek North of Coalton		20 up to 30 years		I would want to know more about the partnership. The library doesn't function as a true partnership.
Rock Creek North of Coalton		Less than 5 years	Male	I would need a lot more details than this general question to have an informed reply.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Because of the library partnering debacle of the past I feel that the potential for interrupted access to facilities is a major hindrance with this idea. Counsel members change and old agreements may not have the support needed to make this arrangement feasible.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	I have been hoping for a special arrangement for Superior residents to use the Louisville Recreation Center for MANY years! I hope this will still happen. Nevertheless, it would be nice to also have a permanent space in Superior for yoga, dance, or other indoor exercise classes.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	If it is shared, I can guarantee it would be built in Louisville, with us again 'sharing' the expense, and having poor access.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	It would be nice to see Superior stand on its own if it doesn't place us in financial insecurity.

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Louisville has some great programs that I MUCH prefer over the arrangement that we have with YMCA. They are great and much more professional. HOWEVER I wouldn't support a full on share program with Louisville that was so broad because they have really put themselves in a bad place with regards to how they have spent and budgeted and I wouldn't want our facilities to depend upon them. Now, if we built something and then on top of that had a shared facilities agreement that could be changed / terminated and whatnot that would be a great option. We need to own our own facilities - Louisville is the Lion and they are constantly trying to take too much and are used to winning due to what has happened in the past with agreements between our towns.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	Superior must provide some its own amenities if it is to be perceived as a real town, not just a bedroom community. A library could meet many of the needs in this survey (meeting rooms, teen space, senior space, community programming)
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	We (Superior) should have our own rec center with indoor competitive size pool.
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	We stopped using the Louisville Rec Center nearly 7 years ago as the space was over crowded and we spent more time waiting to use equipment than actually getting a workout in. Since there appears to be no plans to expand or update their space, I would hate to see a Superior indoor rec facility become overcrowded due to Louisville residents using the space. Normally I would agree to a reciprocal arrangement like the library but worry a new facility would drive higher than normal traffic.
Rock Creek South of Coalton	Yes	11 up to 20 years	Female	Louisville wants way too much \$\$ in partnerships with Superior - case in point: the library
Rock Creek South of Coalton	Yes	10 up to 20 years	Female	When are we going to have our own facilities instead of always relying on Louisville to have them?

TOWN OF SUPERIOR 2014 INDOOR SPACE SURVEY

Do you have any comments about a recreational facility agreement with the City of Louisville?

Neighborhood	Children	Length	Gender	
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Depends on the type of facilities in question as to whether partnering with Louisville is warranted. For instance a I have no desire to finance an indoor pool at superior but I do strongly support a rec center for 'Superior' residents and kids. Honest, my kids have had numerous issues with Louisville rec center and the kids being bullies, this is why I favor superior ONLY facilities.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Given that Louisville has already built a rec center and a library, this may be too late. However, I would support a reciprocal partnership on as many things as possible. My sense is that neither town is completely able to support these types of things alone and that we'd be better off working together. It may be a good idea to use the Town Center for these types of things, but that would require much longer term planning than we've seen from our town boards over the last decade or so.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	I don't love the Louisville rec center and would love something closer, (we are south of Coalton). It would e nice to have something new but not as expensive as Lakeshore and yes I would vote to increase taxes to help pay for it. So below the reason I don't use it much is because I don't like it. I would use one in superior.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Louisville is still TOO FAR for us to drive there, it is best to have some nice facilities in Superior, south of Coalton Road.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Louisville would have the upper hand and we would pay fees, but not be in control. I don't want to drive to louisville, I want to ride my bike in Superior.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Rec enter and Library are nice to use, but some facilities here would be good.
Rock Creek South of Coalton	Yes	10 up to 20 years	Male	Yes only if the town leadership can negotiate a fair deal with Louisville. In terms of fairness, the library deal is not fair one for Superior because it costs the town too much. If we can, please plan and build our own indoor facility.

Rock Creek South of Coalton	Yes	5 up to 10 years	Female	I would like to answer both of the Yes responses. I think it would be great to partner with Louisville to use their facilities. If our facilities do not meet all the needs that Louisville's facilities do, I think we would still need the partnership to use their facilities along with any in Superior.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	If Louisville residents could use the Superior rec center and Superior residents could use the Louisville Rec center, both residents getting a resident discount then that would probably be ok. But we need our own rec center in Superior closer to where residents actually reside, knowing that the money is going back in to Superior and not another city. DUH.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	We don't want to drive to Louisville to access indoor facilities.
Rock Creek South of Coalton	Yes	5 up to 10 years	Female	We need facilities IN Superior FOR Superior residents.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	A partnership would be great, but Louisville's facilities are still too small and out dated...we need additional facilities in Superior.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Again, my support for any development in Superior would be contingent upon weighing the costs and balancing the communities priorities all within the context of our budget.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	any more building in superior is to the detriment of the community. the eye sore on mcaslin now is a testament to that. Either way, as a dead project that looks awful or built up with empty un-used space like the retail shops on the costco side.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	I am in agreement to partner with a neighboring community to help pay for a state of the art facility. However, I'd like to see the facility centrally located to make it easy to access from both towns and all residents. Old Town Superior area or Monarch High School area come to mind.
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	They already have a rec center, do they need more?
Rock Creek South of Coalton	Yes	5 up to 10 years	Male	Unless of coarse - if Superior's facility would offer more than Louisville's facility.

Rock Creek South of Coalton	Yes	Less than 5 years		In support of this relationship I would expect Louisville to upgrade/update their facilities to match those of Superior, otherwise everyone will only use the newest facility.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	As previously stated, duplicate public services are a poor use of public resources. Sharing services is a more economical, sustainable, and preferred choice. We considered waiting to purchase a new condo/town home to be available in the new Superior Town Center. However, we quickly learned so many costs and fees of these facilities you are proposing in this survey will fall on new owners, making them cost prohibitive for us to own. With this survey, it appears Town of Superior is trying to convince existing residents that cost will be \$100 or less in new assessments to improve odds of existing homeowners approving these new indoor facility expenditures. This appears to me to be an unfair and unrealistic assessment of the true cost of these expenditures. If you build a facility in Superior, of course I would use it, (If you build it, they will flock to it), particularly as costs will be subsidized by new Town Center owners. As an existing Superior owner and a potential Town Center owner, this approach is not a fair or attractive model that I would support.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I don't believe that the Louisville Facility is large enough to accommodate both towns use.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	I would prefer for it to be in Superior.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	If the indoor facility was within waking/biking distance of Coalton & Rock Creek then it would be of great interest to me & my family. However, if it is located near the new Town area on McCaslin that is being built then it would not be that easily accessed & we could just as easily get to Louisville Rec Center.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	if your going to go for our own rec center it can't be done only halfway bc if its not the state of the art or if its not very good people will drive to other rec centers

Rock Creek South of Coalton	Yes	Less than 5 years	Female	There is already a rec center in Louisville that is over crowded and I have zero desire to go to. I would love to facilities to be built in Superior and for residents here to have residential priority.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	Though Superior's population is less than Louisville, it's still a good size with plenty of residents who'd rather support Superior than Louisville. I think a partnership with Louisville would just mean overcrowding at that facility.
Rock Creek South of Coalton	Yes	Less than 5 years	Female	When you always have to use another community's facilities, you never fully feel like you are part of the community. It's nice to have and support amenities within your own community.

Rock Creek South of Coalton	Yes	Less than 5 years	Male	Location Location Location I support a partnership with Louisville as long as it is located in Superior
Rock Creek South of Coalton	Yes	Less than 5 years	Male	My only hesitation with partnering with Louisville would be how much larger Louisville is than Superior. I wouldn't want a facility in Superior to be overwhelmed by folks coming from Louisville.

Rock Creek South of Coalton	No	10 up to 20 years	Male	I don't really want to partner with Louisville, and don't see the need to build facilities in Superior. People who want these facilities should join a club or workout at home.

Rock Creek South of Coalton	No	10 up to 20 years	Male	Need one more choice her: don't support a partnership and no indoor facilities should be built in Superior.
Rock Creek South of Coalton	No	10 up to 20 years	Male	Superior and Louisville should partner everywhere economies of scope and scale are practical. We are so close in mindset and geography, the towns should capture all benefits of partnering that make sense. Again, the town is not in the business to cater to citizens whims or wants. Providing amenities requires funding and that burden should not be passed to all citizens, but only to those who use them. Peoples incomes are stagnant or are lagging inflation, passing ever increasing fees and taxes on for things only certain citizens use is reckless and unfair.
Rock Creek South of Coalton	No	10 up to 20 years	Male	The Louisville facility cannot handle the additional volume
Rock Creek South of Coalton	No	Less than 5 years	Male	If Louisville residents were given access to Superior facilities, I would be concerned with the additional volume of people using the facilities. If Superior facilities were to service Louisville residents as well, this would likely incur more costs as the facilities would need to be bigger and the infrastructure (roads, etc.) would need to be improved as well to support the additional volume.
Rock Creek South of Coalton				I know that a rec center and library in Superior are perennial issues. I personally see no issues with partnering with Louisville for the foreseeable future. Perhaps after the Town Center builds out there will be a critical mass / additional residents that can fund such amenities in a standalone way in Superior.
Rock Creek South of Coalton				I would support this but really think the City of Louisville needs to do an update on their facilities and make the rec center more up to date and modern. It feels too small for both cities and feels a pretty dated. Reminds me of a 'senior center' rather than a state of the art recreation and fitness facility.

Rock Creek South of Coalton				We did use Louisville rec center for a while but it would be great to see a rec center in our community, one we could bike to. Also one where we could meet our friends and neighbors. In Louisville we don't know the people as well.
Rock Creek South of Coalton		Less than 5 years		Reciprocal access would be great ONLY if the facilities are complimentary to each other and don't overlap at all.

Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I would more accurately state it as: Yes, I would support partnering with Louisville and I would still support development of indoor community recreational facilities in Superior if appropriate and needed.
Saddlebrooke at Rock Creek	No	Less than 5 years	Female	I would really like a partnership with Louisville, but it would be nice for these facilities to be closer to my house, which is why I also support development of indoor facilities located in Superior.
Sagamore	Yes	5 up to 10 years	Male	I'm against any increase in taxes for Superior to build their own facilities.
Sagamore	No	10 up to 20 years	Female	I use the Louisville rec center exclusively since retiring from CU and using their facilities. I haven't seen an overcrowding situation at the Louisville rec center. I think a lot of Superior residents either have access to CU's facilities, or work in Denver or Boulder and use a facility close to their place of work, or prefer a private gym to a public one. Hence I feel the cost to build new facilities in Superior isn't warranted, and would prefer to have only a small increase in property taxes to have a partnership with Louisville to get resident rates at their facility.
Sagamore	No	5 up to 10 years	Female	I think sharing facilities is a great idea. Curious how that would work financially.
Sagamore	No	5 up to 10 years	Male	The long-term health, viability, and identity of the Town of Superior requires a community recreational facility.
The Horizons	Yes	Less than 1 year	Female	If partnering with Louisville right now is our best option I would support it. However I would definitely prefer a newer facility closer to home.

Do you have any comments about a recreational facility agreement with the City of Louisville?

Neighborhood	Children	Length	Gender	
The Horizons	Yes	Less than 5 years	Female	The recreation facilities offered by Louisville are costly and they do not accept as as residents of Louisville and wont give us a Resident Pass. We go to Broomfield Community Center for all activities.
The Horizons	Yes	Less than 5 years	Female	Though it would be nice to pay residence fees in Louisville... since we are posted as Louisville on our mail, that Rec center doesn't seem to be large enough to accommodate the needs of two towns.
The Horizons	Yes	Less than 5 years	Male	The Louisville facilities would need to be large enough to accommodate both their residents and ours.
The Horizons	No	Less than 1 year	Male	The town has the ability to be exclusive and upscale. We are just a few steps away from accomplishing that. Also we should partner with Broomfield (Superior-Louisville-Broomfield).
The Horizons	No	Less than 5 years	Female	I'd really like for it to be in Superior. I think louisville has enough amenities. but if we can't do it alone, then let's join forces.
The Horizons	No	Less than 5 years	Female	It would be nice to have an indoor pool, but I could go to Louisville.
The Horizons	No	Less than 5 years	Female	Superior residents should be able to use Louisville/Superior facilities, BUT Louisville residents should only be able to use Louisville amenities. Superior is its own exclusive town with its own residents and our facilities should be for us only. Superior does lie within Louisville, however, they are not one in the same.
The Ridge	Yes	Less than 5 years	Male	Louisville facilities are OK, are not the greatest
The Ridge	No	5 up to 10 years	Female	Would Louisville's public facilities be able to fully support Superior's residents? For example, their Rec Center may become overcrowded.
The Summit	Yes	10 up to 20 years	Female	We've been using Louisville's Rec Center and Library - we should reciprocate - but consider that Louisville's population is larger, I hope it doesn't over populate whatever facilities we build.
The Summit	Yes	Less than 5 years	Female	I would prefer to have a rec center located in Superior but at least having the ability to use the Louisville facilities at the residents' pricing would be preferred

Do you have any comments about a recreational facility agreement with the City of Louisville?

Neighborhood	Children	Length	Gender	
The Summit	Yes	Less than 5 years	Female	Partnership is good. But INDOOR community/recreational facilities should be built in Superior.
The Summit	No	10 up to 20 years	Female	I don't support building a rec center in Louisville...we're just too small. I do support partnering with Louisville if they are willing. Maybe the thing to do is to work with them to see what facilities they are lacking and we consider building one or more in Superior...and then our two towns don't duplicate services.
The Summit	No	Less than 5 years	Female	I would like our own facility rather than driving to Louisville
The Summit	No	Less than 5 years	Male	NO
	Yes	Less than 5 years	Male	While open to partnership with Louisville, I would still advocate for local facilities within convenient walking distance of the Rock Creek and Summit neighborhoods.
